Windows Vista Information for Fujitsu document scanners

For information purposes only; scheduled dates and terms subject to change without notice

Windows Vista™ operating system has been released as a stand-alone product. In response to this new operating system, Fujitsu has defined a schedule for supporting Fujitsu document scanner products operating on Windows Vista.

1. Policy

- Fujitsu will offer Windows Vista supported TWAIN/ISIS drivers for select models by web download as an initial measure.
- The Fujitsu drivers are now available for select fi-series scanners at the following Fujitsu Website (see table of select fi-series scanners below):

<http://www.fujitsu.com/us/about/platforms/fcpa/home/>

2. Scope of the term "Windows VISTA support"

Fujitsu software (excluding bundled 3rd party software) will work functionally with Windows Vista the same way it works with Windows XP.

- The functionality of Fujitsu scanners will not be improved by the Vista support.
- The performance of Fujitsu scanners will not be improved by installing the Windows Vista supported drivers.

3. VISTA support out-of-the-box

1. Windows Vista compatible scanners (i.e., the bundled software / accessories to support Windows Vista) will be made available by "running change." This changeover will be processed in Q04, CY2007 and will include changes to drivers and software, manuals, and outer box text. The following bundled software will become Windows Vista compatible:
 - a. TWAIN / ISIS driver
 - b. ScandAll Pro
 - c. Adobe® Acrobat® 8 Standard (Adobe will provide Acrobat 8.1 update for Vista compatibility)
 - d. Kofax® VRS® (the timing will be separately announced by Kofax)
 - e. QuickScan Demo
2. Software Options for fi-Series
 - a. Image Processing Software Option (Soft-IPC) will support Windows Vista from April 2007.
 - b. The Scanner Control SDK will support Windows Vista from June 2007.
3. ScanSnap
 - a. Future ScanSnap product generations will support Windows Vista.
 - b. The following software will become Windows Vista compatible:
 - i. ScanSnap Manager
 - ii. ScanSnap Organizer
 - iii. CardMinder™
 - iv. ABBYY FineReader® for ScanSnap
 - c. The S500 "update" (free of charge) for Windows Vista 32-bit support will be offered by end of June 2007.
 - d. ScanSnap upgrade packs (not free of charge) including Windows Vista support for select older generation ScanSnap models will be offered by the end of June 2007.
