

Fujitsu recommends Windows® 7 Professional.

## LIFEBOOK NH751 Get in the Game.

For the game playing fanatic, this one lives up to all your expectations and more! Its superb performance characteristics are designed for gaming paradise. It all adds up: a big 17.3-inch full borderless screen, top class sound quality with 5.1 speakers in a true DTS Sound system and a superior graphics card.

If you're into games, press here.

\* For model with Bluetooth.

### Enhanced Visual Experience

Great graphics on 17.3-inch full HD borderless 300nits back-light LED display, HDMI output so you can use it with your HDTV.

### Superior Audio Enjoyment

DTS Sound and 5.1 speakers with Tweeter and Sub Woofer for full-bodied, rich sound.

### Enhanced System Performance

High speed, max. capacity, powerful performance Intel Quad-Core CPU Platform.

### Enhanced Gaming Experience

Powerful Nvidia VGA 1GB with Optimus for the enhanced gaming experience. It'll rock your games!

### Increased Capacity Supported

Support Dual Hard disk for capacity up to 1TB.

Fujitsu recommends Windows® 7 Professional.

## Fujitsu recommends Windows® 7 Professional.

### LIFEBOOK NH751

- Quad Core CPU with New Intel Platform for enhanced system performance.
- 17.3-inch Full-HD(16:9) 1920x1080, LED BL, 300nits for enhanced visual experience.
- 5.1 speakers: Main x2, Tweeter x2, Subwoofer x1 for superior audio enjoyment.
- Powerful Nvidia VGA 1GB with Optimus for enhanced gaming experience.
- Support Dual Hard disk for more capacity.

#### Specifications

Platform	Intel® Core™ i7-2820QM processor 2.30GHz with Intel® Turbo Boost Technology 2.0 up to 3.40GHz 8MB L3 cache/ Intel® Core™ i7-2720QM processor 2.20GHz with Intel® Turbo Boost Technology 2.0 up to 3.30GHz 6MB L3 cache/ Intel® Core™ i7-2620M processor 2.00GHz with Intel® Turbo Boost Technology 2.0 up to 2.90GHz 6MB L3 cache/ Intel® Core™ i7-2620M processor 2.70GHz with Intel® Turbo Boost Technology 2.0 up to 3.40GHz 4MB L3 cache/ Intel® Core™ i5-2520M processor 2.50GHz with Intel® Turbo Boost Technology 2.0 up to 3.20GHz 3MB L3 cache - Intel® HM65 Express Chipset
Operating System <sup>9</sup>	Genuine Windows 7 Home Premium (or Genuine Windows® 7 Professional) (or Genuine Windows® 7 Home Basic)
Display <sup>13</sup>	17.3-inch Anti Glare HD+ BL LED 220nits, 1680 x 945 pixels/ 17.3-inch Anti Glare Full HD BL LED 300nits, 1920 x 1080 pixels
Built-in Bay Device	Blu-ray Writable Drive
Memory	4GB DDR3 1333MHz Max. Memory Supported <sup>2</sup> - 8GB(2x4GB) DDR3 1333MHz, Dual Channel
Hard Disk	640GB 5400rpm 500GB 7200rpm
Battery	Up to 5hrs <sup>1</sup> (8cell Li-ion 5200mAh)
Weight	Approx. 3.7kg

#### Detailed Specifications

Hard Disk Drive	SATA-300 5400/7200rpm, S.M.A.R.T support, Two Partitions - 50/50 <sup>8</sup>
Graphics	NVIDIA GeForce GT525M (with OPTIMUS support) with dedicated memory of 1 GB
High Definition (HD) Audio	Realtek ALC269 HD audio codec with Dual Built-in Stereo Speakers and Dual Built-in Stereo Digital Microphone HD Audio-in: External Mic-in HD Audio-out: Headphone-out
Communication	1.3 Mega Pixels camera, Bluetooth v3.0, 1000/100/10Mbps <sup>7</sup> Gigabit Ethernet, Wireless BGN or Intel Wireless AGN, Separate ON/OFF switch for wireless network connection
User Interface	Spill-resistant keyboard w/10 Key <sup>12</sup> , 19mm key pitch, 2.7mm key stroke, Quick Point Intelligent Touch Pad with configurable vertical and horizontal scroll functions
Card Slots	ExpressCard™ 34/54, Smartcard <sup>11</sup> , SD/MS
Connector Interface	USB 2.0 x 4, eSATA Combo x 1, VGA (external display), RJ45 (LAN), Display Port, HD Audio-in, HD Audio-out, Serial Port, Power Adapter DC-in, HDMI out x 1
Security	BIOS Lock, 2-password Hard Disk Lock, Anti-theft Lock Slot
Dimensions	410mm (W) x 270mm (D) x 20.44 - 37.15mm (H)

#### Bundled Accessories

AC Adapter	Input AC 100-240V, Output QuadCore:120W/19V, DualCore:100W/19V
------------	--

Bundled Software	CyberLink Power2Go™, CyberLink PowerDirector, Roxio Easy Media Creator, You CAM 2.5, Adobe Acrobat Reader, Fujitsu UpdateNav <sup>10</sup> , Fujitsu Hardware Diagnostic Tool, Fujitsu Display Manager, Fujitsu Power Saving Utility, Fujitsu Hotkey Utility, Fujitsu Battery Utility, Mobility Center Extension, Sun Microsystems Java Runtime, Windows Live (Mail, Photo Gallery, Writer, Messenger), Symantec Internet Security 60 days trial, Purchase Office Product Key to activate Office 2010 preloaded on this PC <sup>3</sup>
------------------	---

#### Optional

Mouse	Optical USB Black Mouse (Retractable)
-------	---------------------------------------

The above information shows the general technical specifications of the product and does not represent actual configuration. For specific configurations and their availability, please check with your local distributors.

#### Disclaimers:

- Results obtained from BAPC® MobileMark®2007(Productivity Workload) performed on systems with maximum battery life settings under laboratory testing environment. Actual battery life will vary based on screen brightness, sound volume settings, running applications, connected peripherals, power management settings, battery conditioning, and other customer preferences in the real life situation. Built-in bay device or hard drive usage may also have a significant impact on battery life. Note: Battery life is based on Intel® Core Processor i7-2620M processor.
- This refers to Window Vista® hard disk drives C:\ and D:\, 50/50 refer to approximate 50% allocation of user accessible hard disk storage to C:\ and D:\ drives. For Windows 7 hard disk drives, 16GB will be reserved for internal recovery usage which is not shown.
- This PC is preloaded with reduced-functionality versions of Word and Excel that include advertising. Purchase an Office 2010 Product Key to activate full-featured Office software on this PC.
- This term does not represent actual data rate of 1000/100/10Mbps and simply indicates compliance with IEEE 802.3, IEEE 802.3u and IEEE 802.3ab standards. Actual maximum data rate depends on network configurations, cable conditions as well as connected devices.
- 8GB DDR3 1333MHz maximum memory is supported when Fujitsu recommended 4GB DDR3 1333MHz memory module is made available.
- UpdateNavi is a Fujitsu Proprietary application that updates LIFEBOOK drivers by connecting automatically to Fujitsu's server. This will help update your LIFEBOOK with the latest software drivers and utilities to ensure compatibility between hardware and software, maintaining smooth operation anytime, anywhere.
- Fujitsu does not provide the application for Smartcard solution.
- BIOS Lock needs a supervisor/user password to access BIOS setup. BIOS settings can be configured to prompt for password at every first bootup or all bootup sequences. Access to BIOS setup is needed to configure Hard Disk Lock. Hard Disk Lock requires an access key to retrieve data on the hard disk. This is a Data Confidentiality security feature. LIFEBOOK Lock requires a supervisor/user password to bootup the LIFEBOOK when it powers up or resumes last session from suspend/hibernate mode. Anti-theft Lock Slot allows the use of a lock to physically secure the LIFEBOOK. Smartcard slot usage is dependent on customer's solution. Fingerprint sensor uses AuthenTec TruePrint™ Technology and Softex OmniPass to remember customer list of user IDs and passwords. Full security unlock sequence - LIFEBOOK Lock, Bootup Lock (BIOS Lock), Hard Disk Lock, Fingerprint Windows Logon. NOTE: Loss of password requires the LIFEBOOK to be returned to Japan factory for system refresh. Cost of shipment and lost data will be borne by the customer. Backup your user's profile before changing HDD. Without the user's profile associated with a document at the point of encryption, Softex OmniPass cannot decrypt the encrypted document.
- Customer may select between 32-bit and 64-bit upon initial startup.
- RoHS (Restriction on Hazardous Substances) compliance means the system and its internal components comply with the EU RoHS directive (2002/95/EC) on the restricted use of six hazardous substances in the manufacture of the system and its internal components
- Fujitsu 3D Shock Sensor of a powered-up unit retracts hard disk read-write head to a secured zone upon detection of excessive vibrations or shocks. This greatly reduces the possibility of damage to the hard disk and its content - example in the event of a sudden drop or impact. The sensor monitors movement from three axes and its sensitivity can be adjusted by user to accommodate different working environments using the Fujitsu 3D Shock Sensor Utility.
- Spill-resistant keyboard does not imply the system is water-proof. If liquid is spilled onto the keyboard, power off the system immediately and turn the notebook upside down to drain off the liquid.
- It is natural for all thin-film transistor (TFT) liquid crystal displays (LCD) to show a small number of missing or discolored dots. These are commonly known as non-conforming pixels. This is a technology limitation of TFT LCD and does not represent a defect. Fujitsu warranty does not cover limitations in technology such as non-conforming pixels.

Specifications reflected above are engineering and hardware specifications. They do not represent actual usage or operating dimensions, sizes, performances and weights as these are dependent on factors such as operating temperature, type of operating system and application used, connected devices and accessories as well as hardware configurations of the notebook. Please check the compatibility of 3rd party accessories before purchase. Ambient temperature: 5° to 35°C/ 41 to 95°F (operating), -15° to 60°C/ 5 to 140°F (non-operating). Relative humidity: 20% to 85% RH (operating), 8% to 85% RH (non-operating)
