DTS Boost™ adopted stereo speakers

Ultra thin 13.3 inch LCD

Natural-fit keyboard

Dichromatic keys

Modular bay

F-Line design

Circular scroll wheel with volume control

LED fingerprint sensor

Feather lightweight 1.21kg with SSD and weight-saver

**Powerful Processor**  
The LIFEBOOK SH772 is powered by the latest Intel® Core™ CPU (I7-5500U / I5-5500U) Chief over platform with a 64-bit design. Get the maximum performance at your fingertips with the SH772's ultra portability.

**Premium Audio Experience**  
Associate music and movies on the SH772. The DTS Boost™ adopted stereo speakers maximize sound performance while delivering greater audio clarity and stronger bass output for quality listening.

**Comfort Touch, Smooth Navigation**  
The ergonomically designed natural fit keyboard brings typing comfort into daily use while the enhanced circular scroll pad provides greater convenience for control. The SH772 is also accentuated with dichromatic keys and soft black painting for a smooth and elegant texture.

**The Innovative Face Sense ID™**  
The new Face Sense ID™ enables the built-in HD camera to detect your presence and intelligently pause or stop application or activities on the laptop when users are away from laptop.

**Anytime USB Charge Plus**  
The enhanced version of the Anytime USB Charge supports an even greater range of peripherals. It is upgraded to support more external devices such as the latest handheld game consoles and digital audio players. Users can charge anywhere, wherever even when the laptop is switched off.

**Green Computing**  
The SH772 uses the Fujitsu Energy Efficient AC adapter that reduces 95% less power during all of its standby mode as compared to normal adapters. The efficient energy use of the SH772 not only saves power, it also contributes to reduce electricity costs while maintaining battery life to give users a longer, more meaningful performance of the laptop.

Inlay

Meet Fujitsu's thinnest and lightest 13.3" device, the LIFEBOOK SH772.

A revolutionary device that optimises performance and portability all at once, the SH772 delivers the best in form and function for computing on-the-go.

Weighing a mere 1.21kg with a thickness of only 16.6mm and equipped with the latest 3rd Generation Intel® Core™ CPU and modular DVD drive, the SH772 maintains a perfect equilibrium of ultra mobility, usability and performance.

Lithe and brilliant, it's the LIFEBOOK SH772.
