**Virtual Keyboard**  
Taps on its small keyboard prove to be as comfortable and accurate as typing on a real keyboard. With the new Q550, the design and lighter in weight and thinner in size, making your mobility absolute.

**Pen Input**  
Active pen input is almost like writing on paper - quick and accurate. It's also available for quick sketches. It handles and connects digital notes, share and save your electronic documents, the way you would with paper documents.

**Enhanced Connectivity**  
Seamless connectivity to the Internet, anytime, anywhere. The Q550 has built-in Wi-Fi, Bluetooth, and 3G. Access machine information via your work laptop with the STYLISTIC Q550.

**Excellent Design and Viability**  
The STYLISTIC Q550 is designed to be used in a variety of ways. It boasts broad and wide viewing angles, with an Active-Matrix, high-contrast, LED IPS screen, display and grip on the swappable battery to continue working.

**Swappable Battery**  
The essential product of the STYLISTIC Q550 is its swappable battery. The battery is easily removed without work interruption. Simply remove the battery and snap on the swappable battery to continue working.

## STYLISTIC Q550 Your professional companion

### Write and Create.

Whether you are an entrepreneur or an executive, the STYLISTIC Q550 makes the best professional companion. It combines a brilliant display with precise and pressure-responsive pen input plus a touch screen for multiple touch input. Available in 2 colors of your choice. ■ Mercury Blue and ■ Pearl White.

The STYLISTIC Q550. The absolute business slate.

The Windows® 7 operating system integrates perfectly with most existing IT infrastructures, while sophisticated hardware-based security enables the STYLISTIC Q550 to meet the most stringent business requirements.

### Top security features designed for business enterprise:

#### Trusted Platform Module (TPM) Solutions

TPM is a secure cryptographic integrated circuit (IC) that provides a secure environment for storing sensitive information, such as passwords, private keys, and other confidential data.

#### SmartCard Reader

Access a wider range of third party applications on the STYLISTIC Q550 with the SmartCard Reader. It supports SmartCard authentication, Personal Data Access, Local Storage and many more.

#### Biometric Fingerprint ID

To ease, biometric sensor for fingerprint recognition is available. It provides a secure and convenient way to access your files and data. All it requires is one quick swipe of your finger, eliminating the need for multiple passwords.
