

Stylistic ST5030/ ST5032

- 12.1" XGA TFT with active digitiser
- High performance with latest Intel® 915GM chipset and DDR2 memory modules
- Superior security features for enhanced data and hardware protection

ST5030/ ST5032 Recommended Configurations

Processor	Intel® Centrino® Mobile Technology - Intel® Pentium® M Processor ULV 753 (1.20GHz, 2MB L2 cache, 400MHz FSB) - Intel® PRO/Wireless 2915ABG Network Connection - Intel® 915GM Chipset	
OS Supported	Genuine Windows® XP Tablet PC Edition	
Display	12.1" XGA TFT, 1024 x 768 pixels	
LCD Type	Transmissive	Transmissive with outdoor viewability
Memory	512MB SDRAM, max. 2GB DDR2 400MHz	
Hard Disk	80GB	
Battery	Up to 6hrs ¹ (6-cell Li-Ion 5200mAh)	
Weight	Approx. 1.61kg	
Specifications		
Max. Memory Supported	2048MB DDR2 400MHz	
Hard Disk Drive	ATA-100 and S.M.A.R.T. support	
Digitiser	Active (Electromagnetic)	
Graphics	Integrated Intel® Graphics Media Accelerator 900 with DVM ⁶ 3.0 delivers low-power, high-performance 2D/ 3D graphics, video, and display capabilities at a maximum shared memory of 128MB	
High Definition (HD) Audio	SigmaTel STAC9753A AC97 codec with Internal Speaker and Dual Microphones	
Communication	56K V.92 ² modem, IrDA 1.14Mbps ⁴ , Bluetooth® v1.2, 1000/100/10Mbps ³ Gigabit Ethernet and Intel® PRO/Wireless 2915ABG Network Connection with Dual Antenna. Separate ON/ OFF switch for wireless network connection	
Card Slot	PC Card Type I/II x 1, Dedicated Smartcard x 1, MS/ SD x 1	
Connector Interface	USB 2.0 x 2, VGA (external display), 1 x RJ11 (modem), 1 x RJ45 (LAN), IEEE1394, IR Keyboard/ Mouse Receiver, Audio (Headphone-out, Microphone-in), Docking Interface, AC Adapter Power Input	
Quick Touch Panel	6 Security/ Application Buttons	
Security ⁵	BIOS Lock, Hard Disk Lock, Stylistic Lock, Anti-theft Lock Slot, Smartcard, Trusted Platform Module, Fingerprint Sensor	
AC Adapter	Input AC 100 ~ 240V, Output DC16V 60W	
Bundled Software	Microsoft® Experience Pack for Tablet PC, Fujitsu Hardware Diagnostic Tool, Adobe Acrobat Reader 6.0, Fujitsu Update Navi ⁷	
Software on CD	Norman Virus Control, Norman Personal Firewall, Acronis True Image	
Dimensions	324.4mm(W) x 220mm(D) x 20.9-22.3mm min (H)	
Optional Accessories		
Tablet Dock	USB 2.0 x 3, VGA x 1, RJ45 x 1, IEEE1394, Line-out, DVD/CD-RW Combo Drive or Dual Layer DVD Super Multi Writer	
Keyboard	Wireless IR Keyboard USB Keyboard	

The above information shows the general technical specifications of the product and does not represent actual configuration. For specific configurations and their availability, please check with your local distributors.

- Results obtained from BAPCO MobileMark2002 (Productivity Workload) performed on systems with maximum battery life settings. Actual battery life will vary based on screen brightness, applications, features, power management settings, battery conditioning, and other customer preferences. DVD or hard drive usage may also have a significant impact on battery life. Up to 6hrs battery life is based on Intel® Pentium® M Processor 753 configuration with standard battery and bay battery.
- Maximum 56Kbps performance varies according to your local service providers' services as well as line condition. V.92 performance is dependent on local service providers' services.
- This term does not represent actual data rate of 1000/100/10Mbps and simply indicates compliance with IEEE 802.3, IEEE 802.3u and IEEE 802.3ab standards. Actual maximum data rate depends on network configurations, cable conditions as well as connected.
- This term does not represent actual data rate of 4Mbps and simply indicates compliance with IrDA standard specification 1.1. Actual maximum data rate depends on local configurations and connected devices.
- BIOS Lock needs a supervisor/user password to access BIOS setup. BIOS settings can be configured to prompt for password at every first bootup or all bootup sequences. Access to BIOS setup is needed to configure Hard Disk Lock. Hard Disk Lock requires an access key to retrieve data on the hard disk. This is a Data Confidentiality security feature. Stylistic Lock requires a supervisor/user password to bootup the Stylistic when it powers up or resumes last session from suspend/hibernate mode. This is an anti-theft feature with more than 800,000 password combinations using the buttons on the Quick Launch Panel. Anti-theft Lock Slot allows the use of a lock to physically secure the Stylistic. Smartcard usage is dependent on customer's solution. Full security unlock sequence - Stylistic Lock, Bootup Lock (BIOS Lock), Hard Disk Lock. NOTE: Loss of password requires the Stylistic to be returned to Japan factory for system refresh. Cost of shipment and lost data will be borne by the customer.
- Dynamic Video Memory Technology (DVM⁶) dynamically responds to application requirement and efficiently allocates the proper amount of memory (max. 128MB) for optimal graphics and system performance. The memory size available to the Operating System will be less than the size of installed memory module.
- Update Navi is a Fujitsu Proprietary application that updates LifeBook drivers by connecting automatically to Fujitsu's server. This will help update your LifeBook with the latest software drivers and utilities to ensure compatibility between hardware and software, maintaining smooth operation anytime, anywhere.

It is natural for all thin-film transistor (TFT) liquid crystal displays (LCD) to show a small number of missing or discoloured dots. These are commonly known as non-conforming pixels. This is a technology limitation of TFT LCD and does not represent a defect. Fujitsu warranty does not cover limitations in technology such as non-conforming pixels.

Specifications reflected above are engineering and hardware specifications. They do not represent actual usage or operating dimensions, sizes, performances and weights as these are dependent on factors such as operating temperature, type of operating system and application used, connected devices and accessories as well as hardware configurations of the tablet pc. Please note that, GB=billion bytes.
