

## About RosettaNet solution

Fujitsu Ltd.

### RosettaNet solution system

### **RosettaNet solution has 3 phases:**

# Consulting phase

ASP application phase

In-house building phase

### **Consulting phase**

\*The consulting phase utilizes our know-how of RosettaNet implementation in our purchasing department

### **ASP** application phase

- \* With ASP, knowledge of complex RNIF and setting/maintenance of B2B server are no longer necessary.
- \* Services are provided 24 hours a day, 365 days a year, with a monthly maintenance period.

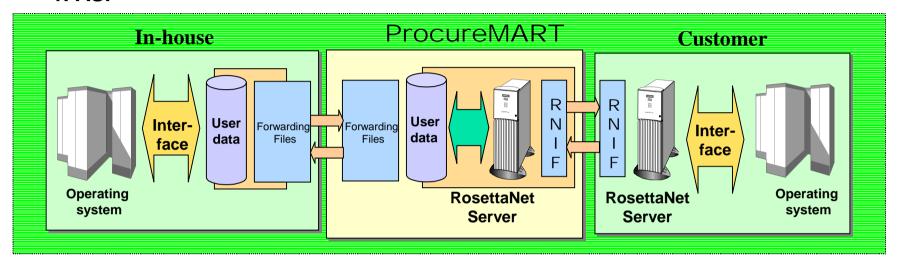

#### In-house building

\* Support building, testing, and administering the RosettaNet server using our product, INTERSTAGE CollaborationRing

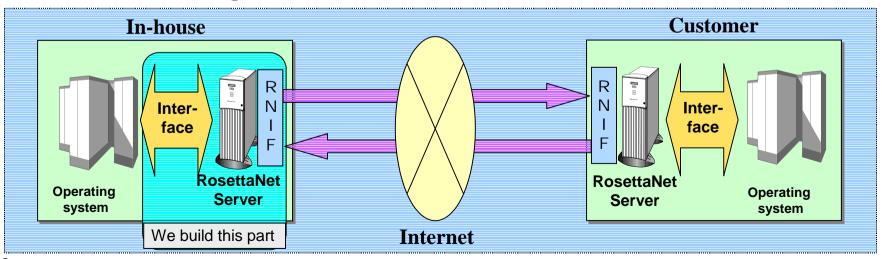

# Example of building RosettaNet system

#### 1. ASP

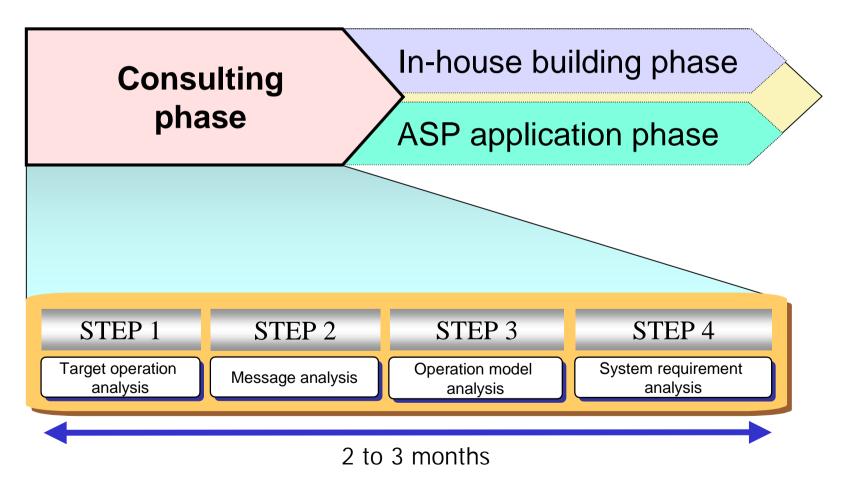

#### 2. In-house building

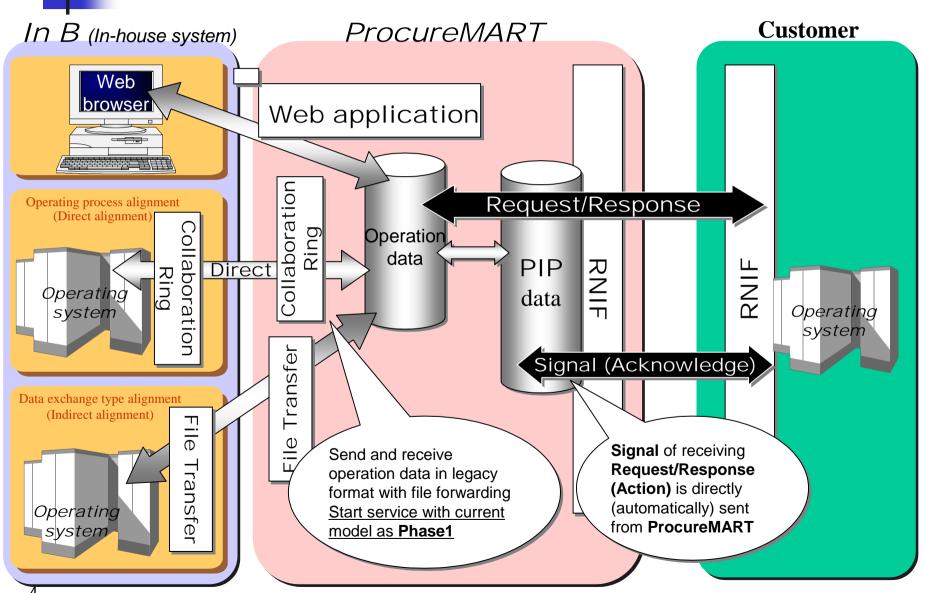

## RosettaNet consulting

We offer the following operation terms (samples) as a service menu in the consulting phase until the actual implementation.

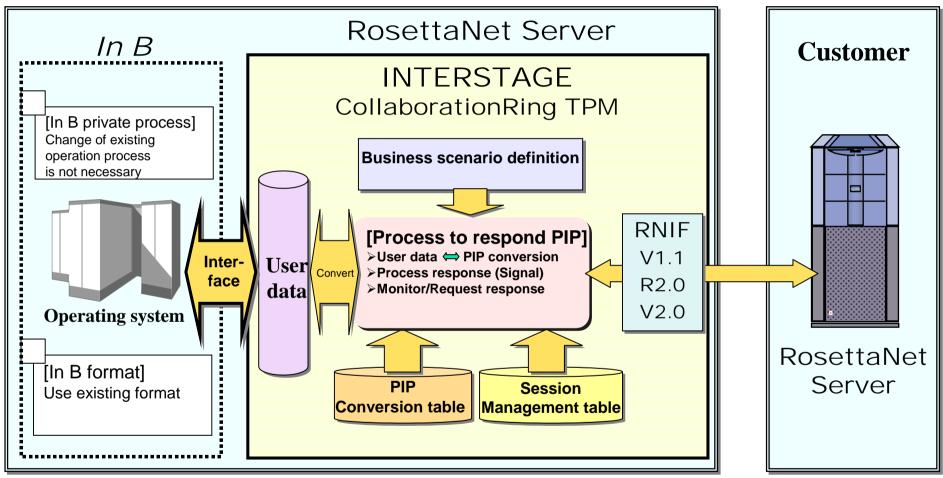

### RosettaNet ASP services

All Rights Reserved, Copyright © Fujitsu Limited 2002

# Example of in-house building

We build the "RosettaNet Server" and the "operating system interface".
