

Overview

Technology Solution

Solutions/System Integration Services

Big Data P.42 (FUJITSU Big Data Initiative)

SPATIOWL
Location-Based Services

Cloud P.44 – P.45 (FUJITSU Cloud Initiative)

Tatebayashi Datacenter

Security P.43 (FUJITSU Security Initiative)

Mobile P.45 (FUJITSU Mobile Initiative)

System Platforms

System Products

HPC P.54

FUJITSU Supercomputer
PRIMEHPC FX10

Servers P.52

FUJITSU Server
GS21

SPARC M10

Middleware P.52

FUJITSU Software
Interstage

FUJITSU Software
Symfaware

FUJITSU Software
Systemwalker

Storage Systems P.52

FUJITSU Storage
ETERNUS DX series

FUJITSU Server
PRIMEQUEST

FUJITSU Server
PRIMERGY

Ubiquitous Solutions

Personal Computers and Tablets

P.58 – P.59

ESPRIMO WH77/S

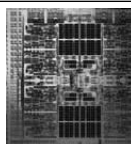

GRANNOTE AH90/P

ARROWS Tab QH55/S

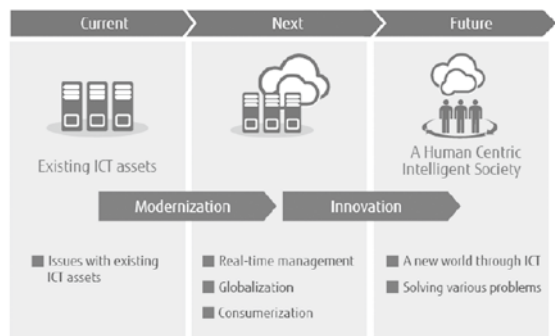

Device
SolutionsLSI

LSI

Fujitsu
Laboratories

Solutions/SI

Creating Values through Integration Linking
Modernization and Innovation

Solution by Industry

(Manufacturing, Distribution, Social Infrastructure, Financial, Public Sector, Regional, Medical, Educational, Healthcare)

Network Products

P.56

FUJITSU Network SR-X Series

FUJITSU Network
FLASHWAVE 9500 DWDM

Fujitsu and Cisco CRS-3

Mobile Phones

P.58 – P.59

Raku-Raku Smartphone 3

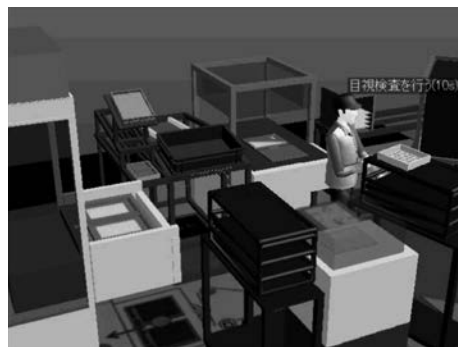

ARROWS NX F-02G

P.60 – P.63

- Human Empowerment
- Creative Intelligence
- Connected Infrastructure
- Common Foundation

Business Innovation

Manufacturing P.46

Process planning tool "GP4", using 3D virtual data

Digital Marketing P.47

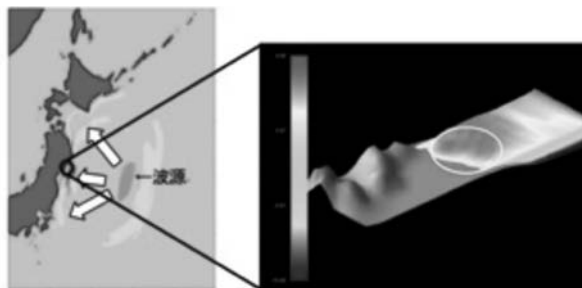

Transformation of Work Styles P.47

Social Innovation

Health and Medical P.48

Education P.49

Disaster Mitigation and Prevention P.49

3D Tsunami Simulator

Food and Agriculture P.50

The Akisai cloud for the food and agriculture industries

Transport and Vehicle P.50
