

# Fujitsu's Commitment to the Environment (Summary)

## Tackling Environmental Issues from a Global Perspective

Fujitsu is committed to responding to global environmental issues based on the fundamental concept, principles and conduct guidelines presented in our environmental charter, formulated in July 1992 and entitled "Fujitsu's Commitment to the Environment."

### Fundamental Concept

Fujitsu pledges to use its creativity and technologies to harmonize human activities with the global environment.

### Fundamental Principles

1. Organization-wide commitment and activities
2. Maintaining environmentally sound business operations
3. Contributing to society

### Conduct Guidelines

1. Taking account of the environmental burden of operations
2. Making efficient use of resources and energy
3. Developing technology that contributes to the protection of the global environment
4. Promoting governmental environmental policies
5. Participating in community environmental activities
6. Raising consciousness through environmental education
7. Establishing a system to promote environmental protection
8. Cooperating with affiliated companies
