- 10.1-inch SuperFine High Resolution and 10 points touchscreen with Anti-scratch Protective Glass
- Incredibly thin and lightweight approx. 555g
- Access rich content through Google Play™ 9
- Integrated 3.5G wireless connectivity for high speed internet access anytime, anywhere
- Health and Environment friendliness with RoHS compliance
- Built-Tough. Meets nine military standard, MIL-STD-810G, tests¹⁰

The above information shows the general technical specifications of the product and does not represent actual configuration. For specific configurations and their availability, please check with your local distributor.

1. 8hrs 30mins battery life (video playback) is based on 1.4 GHz processor under mute condition. Rechargeable batteries have a limited number of charge cycles and may eventually need to be replaced. Battery life and number of charge cycles vary by use and settings.
2. Please check actual bundling with country local distributor.
3. RoHS (Restriction on Hazardous Substances) compliance means the system and its internal components comply with the EU RoHS directive (2002/95/EC) on the restricted use of six hazardous substances in the production of the system and its internal components.
4. It is natural for all thin-film transistor (TFT) liquid crystal displays (LCD) to show a small number of missing or discoloured dots. These are commonly known as non-conforming pixels. This is a technology limitation of TFT LCD and does not represent a defect. Fujitsu warranty does not cover limitations in technology such as non-conforming pixels.
5. Video conferences function need to operate with the Apps from third parties.
6. Actual memory area which operating system can use is limited.
7. Capacity may vary depending on system configuration and preloaded content.
8. Subjected to network and SIM capabilities. Data rates refer to download or upload speed which is also dependent on network capabilities and conditions.
9. Please check with distributor for actual softwares bundling.
10. MIL-STD-810G tested for various demanding environment conditions: transit drop, blowing dust, functional shock, vehicle vibration, vibration integrity, altitude, low (cold) and high (heat) temperature, and humidity. Test results are not a guarantee of future performance under test conditions, nor does it imply that it will meet the contract requirements of Department of Defense.

Specifications reflected above are engineering and hardware specifications. They do not represent actual usage or operating dimensions, sizes, performances and weights as these are dependent on factors such as operating temperature, type of operating system and application used, connected devices and accessories as well as hardware configurations of the notebook. Please check the compatibility of 3rd party accessories before purchase. Ambient temperature: 5° to 35°C/41 to 95°F (operating), -15° to 60°C/5 to 140°F (non-operating). Relative humidity: 20% to 80% RH (operating), 8% to 80% RH (non-operating).

Please note that GB = billion bytes. 1 GB is equivalent to 1,073,741,824 bytes.

STYLISTIC M532

shaping tomorrow with you

Add up your advantages.
Live life to the fullest.

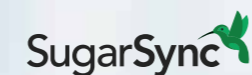

Take control
Access your computer with your STYLISTIC M532 wherever you are. Work freely on Word, Excel and PowerPoint documents, and enjoy movies, videos and everything else your PC has to offer.

Work freely
Pre-installed life-simplifying and efficiency-increasing apps come standard. ThinkFree Mobile, for instance, lets you view and edit Microsoft™ Office® documents, anytime and everywhere.

Feel secure wherever you are
Lookout Mobile Security ensures safer browsing. It also backs up and restores data, and can even locate lost or stolen tablets. A premium upgrade ensures added protection.

5GB free SugarSync storage
A free and easy way to backup, share and access documents, music, photos and videos from virtually anywhere on the globe!

More blast for gaming
Brace yourself. NVIDIA® Tegra™ 3 Quad Core Processor ramps up to 3X the graphic performance of Tegra™ 2, and reduces power consumption by a whopping 61%!

Play without limits
Photo viewing, videos and music are a breeze with PowerDVD Mobile. DLNA-compatible, it works in sync with PowerDVD on your PC for easy content sharing.

Express yourself in Chinese
Fujitsu Chinese handwriting software recognises written traditional and simplified Chinese. Highly adaptable to unique handwriting styles, it can be used as a personal handwriting system.

- ▶ Excellent craftsmanship
- ▶ Meticulous detailing
- ▶ Unrivalled performance

Fujitsu STYLISTIC brings you technology that is beautiful... and so perfect for you. Faithful to the time-honoured Japanese philosophy of Takumi – where quality and performance is integrity – Fujitsu STYLISTIC stands for the very best in mobile connectivity.

Optional Accessories

Buying a Fujitsu STYLISTIC will optimise the way you live, work and play. But don't stop there! Customise your experience with accessories designed for your STYLISTIC. From port replicators to power options, from high-capacity batteries to higher memory capacities, you'll find everything you need for a unique experience.

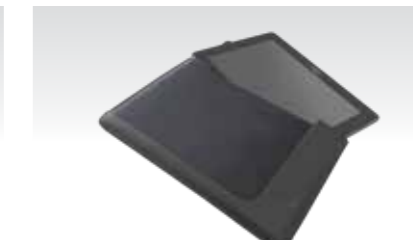

Elevate Your STYLISTIC Experience!

Folio Case

Travel worry-free with this stylish case to cushion your STYLISTIC M532.

Sleeve Case

It fits like a protective skin with cutouts for access to controls, interfaces, and docking in a cradle for charging.

Docking Cradle

View your STYLISTIC M532 hands-free in an upright position, and charge the battery or connect peripherals via 2 USB ports.

Dongle

Enjoy greater flexibility and productivity wherever you are, with a HDMI and USB interface in one.

Anti-Glare Screen Protector

This screen protector reduces glare from any light source so you can enjoy your STYLISTIC M532 anytime and everywhere.

Dual-Dynamic-Driver Earphone

With a woofer and tweeter, it delivers a great acoustic experience. Better still, 3 eartip sizes ensure a precise fit. In black and white.

microSD Card

Load up with increased capacity for more photos, music, movies, videos and even large work and presentation files.
