\*Please ask your Account Representative about the detailed service menu

3. Provision of Program Updates

Fujitsu will supply updates or fixes for the K5 related programs according to Fujitsu's plans. The Customer assumes responsibility for the installation of the updates or fixes.

4. Limited Responsibility for the Provision of the Help Desk Service

Fujitsu's responsibility to the Customer in providing this Help Desk Service is limited to making commercially reasonable efforts to undertake the tasks prescribed in this Service Description for the Customer. When this Help Desk Service does not operate properly and an investigation is conducted, Fujitsu reserves the right to determine to release or not release the information regarding the cause of any trouble or the outcome of an investigation. The Customer agrees that Fujitsu may therefore not be able to respond to specific individual inquiries.

5. Help Desk Service for Fujitsu Cloud Service K5-CF

Notwithstanding anything to the contrary set forth in this Service Descriptions, the following conditions apply to this Help Desk Service in regard to K5 CF Service.

(1) This Help Desk Service also applies to CF commands. Fujitsu does not provide fixes for CF commands, however, at its discretion, Fujitsu may request the Cloud Foundry Community to create fixes.

(2) This Help Desk Service offers only buildpacks which are supported under K5 CF Service at the time. The fixed version of the buildpacks are not provided except for the latest version of Java (GlassFish 4.1 Web Profile/Java SE 8) mentioned in the following website,
