

■ General Specifications		
Product name *1		ScanSnap fi-5110EOX2
Scanner type		ADF (Automatic Document Feeder), duplex scanning
Scanning modes		Color, Monochrome (automatic color/monochrome detection)
Light source		Optical reduction aspherical lens (Includes CCD)/ White cold cathode fluorescent lamp
Scanning speed*2 (A4 portrait)	Normal mode	Color 150dpi, monochrome 300dpi, simplex, duplex, 15ppm
	Better mode	Color 200dpi, monochrome 400dpi, simplex, duplex, 10ppm
	Best mode	Color 300dpi, monochrome 600dpi, simplex, duplex, 5ppm
	Excellent mode	Color 600dpi, monochrome 1,200dpi, simplex, duplex, 0.5ppm
Scanning range *3		A4, A5, A6, B5, B6, business card, letter, legal and custom sizes (Can be set for up to 5 different custom paper sizes ranging from 50.8mm x 50.8mm to 216mm x 355.6mm) / automatically recognizes document type by paper length. Use of Carrier Sheet permits the scanning of A3, B4, double letter and photographs as well as those listed above.
Paper weight (Thickness)		45kg to 110kg (52g/m ² to 127g/m ²)
Paper chute capacity		50 sheets (A4, 80g/m ²)
Interface		USB2.0/USB1.1
Power requirement		100 to 240VAC ± 10%
Power consumption		Operating mode: 28W or less, Sleep mode: 8W or less
Operating environment		Temperature 5 to 35°C, Relative humidity 20 to 80%
Dimensions *4		284mm(W) x 146mm (D) x 150mm (H)
Device weight		2.7kg
Environmental compliance		ENERGY STAR® compliant

*1 This name is to be used when ordering

*2 Scanning speed may vary, depending upon the type of computer used and type of document being scanned. Furthermore, due to the fact that monochrome images are digitally magnified, it is possible that achieved resolutions may vary slightly from the figures appearing in this table.

*3 The following types of documents may not scan well: documents of uneven thicknesses (envelopes and documents with pieces of paper glued to them), severely wrinkled or curled documents, tracing paper, coated documents, photographs, perforated documents, non-rectangular documents, documents that are not of an even width, carbonless paper and documents with carbon paper attached to them.

*4 Excluding the stacker and other external attachments.

■ Software	
Driver *	ScanSnap specific driver (TWAIN / ISIS™ not supported)
Applications	<ul style="list-style-type: none">• Adobe® Acrobat® 7.0 Standard• PFU CardMinder™ V2.0• ScanSnap Organizer V1.0

* ScanSnap cannot be used directly with TWAIN or ISIS™ applications. Applications are run with PDF and JPEG files.

PDF file arranging and viewing software

Carrier Sheet
Able to scan A3 documents

Color Duplex
15 pages
per minute

fi-5110EOX2

Visit the ScanSnap home page for ordering and purchasing information <http://scansnap.fujitsu.com/>

Speedy and Compact; An easy to use back-up tool for your business! *ScanSnap*

SPEEDY

Effortlessly digitize massive volumes of paper documents automatically

Scans A4 documents at an incredible 15 pages per minute!

Being able to digitize one A4 page every four seconds (normal mode) and continuously scan up to fifty pages at a time enables ScanSnap to process huge volumes of paper in no time flat. Furthermore, ScanSnap enables users to intermittently scan additional pages into a file after the first batch has been completed.

*Up to 1000 pages can be intermittently scanned into one file.

COMPACT

ScanSnap's compact design is extremely space efficient

Use ScanSnap virtually anywhere!

ScanSnap's footprint is only one third the size of a flatbed scanner* and it takes up less space than a notebook computer.

*Based on Fujitsu measurements

USEFUL

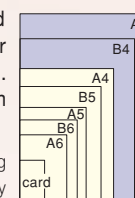

The new ScanSnap's multifunctionality makes it even more useful and easier to use!

Scans anything from business cards to A3 sized documents

Not only can ScanSnap digitize A4, B5, A5, B6, A6 and business card sized documents, but the included "Carrier Sheet" enables it to scan A3 and B4 sized documents as well*. ScanSnap is also capable of digitizing irregular sized (custom sized**) documents.

*1. ScanSnap automatically combines separate images created by folding an A3 or B4 sized document in half. (Note that joined images may be slightly misaligned or be separated by a narrow gap.)

*2 Scanning ranges can be set for document widths ranging from 50.8mm to 216mm and lengths ranging from 50.8mm to 360mm.

ScanSnap improves productivity by enabling users to easily manage business card data and create customer contact lists

Through using its bundled "CardMinder" software, ScanSnap can capture information from images it has created from multiple business cards and feed this data into programs such as Microsoft® Excel® or Outlook Express.

Included PFU CardMinder™ V2.0
Business Card Scanning Software

Digitizes photographs and cut-outs

Use of the included "Carrier Sheet" enables users to scan treasured photographs and documents that they do not wish harmed as well as irregularly shaped documents. ScanSnap is also able to adjust its cropping to fit the size of the scanned document.

Creates secure and searchable PDF files

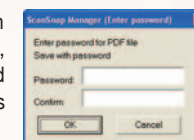

The bundled Adobe® Acrobat® 7.0 Standard enables ScanSnap to create tamper proof PDF files that support digital signature verification. Furthermore, these PDF files are fully searchable.

Included Adobe® Acrobat® 7.0 Standard
The international standard

NEW Protects the contents of scanned files

"ScanSnap Manager" enables users to attach passwords to ScanSnap created PDF files. Thus, ensuring that only people who know the assigned password can open the PDF file or even see its thumbnail image.

Auto-de-skew and auto-image rotation*

ScanSnap automatically corrects any misaligned text (plus or minus 5°), permitting aligned scans to be made from poor quality documents. Also, the auto-image rotation application displays every scanned page in its proper orientation.

*CPU: Intel® Pentium®4 1.8GHz or higher is recommended

● Auto-de-skew

● Auto-image rotation

EASY

From digitizing documents to arranging, viewing and managing images, everything is a snap with ScanSnap

Creates PDF files with just one touch!

Just touch the "Scan" button and ScanSnap begins scanning and creating PDF files. Created PDF files are automatically saved in the user's computer

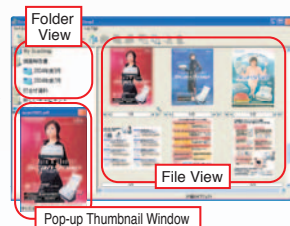

NEW Change scanning settings with just one click!

"ScanSnap Manager" enables users to save up to nine frequently used settings, such as application selections, saving locations and scanning modes. Thus, smoothing out scanning operations by simplifying how scanner settings are changed.

NEW Easily arrange and view PDF files with a mouse!

The bundled "ScanSnap Organizer" displays scanned PDF files as thumbnails. ScanSnap users can view any image in a particular file, without opening it up, just by clicking the thumbnail's directional arrows. Furthermore, PDF files can be easily rearranged just by "dragging and dropping" selected images with a mouse.

Included ScanSnap Organizer V1.0
PDF file arranging and viewing software

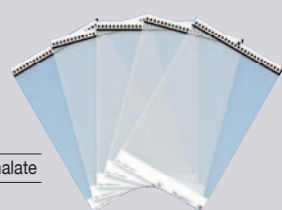

ScanSnap Options (Not intended for use with ScanSnap fi-4110EOX2 scanners)

ScanSnap Carrier Sheet*

This optional package includes five Carrier Sheets. These carrier sheets enable ScanSnap users to digitize documents as large as A3 sized sheets of paper.

* For fi-5110EOX2 and upgraded fi-5110EOX scanners

●Dimensions: 355.6mm x 217.00 ●Life: 500 scans ●Materials: polyethylene terephthalate

ScanSnap Bag*

This is the ideal carrying bag for those who want to use their ScanSnap at home and at the office. It is also perfect for those who may wish to take ScanSnap along with them on business trips to scan and organize paper documents.

* For fi-5110EOX2 and fi-5110EOX scanners

●Color: Black ●Dimensions: 300mm (W) x 210mm (D) x 240mm (H) ●Weight: 0.8kg
●Adorned with the ScanSnap logo and a slip-free shoulder strap
