Service Descriptions: Low-Volume Production Scanners, fi-6750S, fi-6670 and fi-6770

On-Site Repair Services

Geared towards business critical support of customers whose scanning is an integral part of their business operations, Fujitsu On-Site Repair Services are focused on fixing your equipment on the first visit.

Scope of On-Site Repair Services:

- Visit by a trained technician carrying a scanner specific spare parts kit.
- Equipment repairs performed on your premises.
- Spare Parts, Labour & Travel costs Included.

Different service levels are available including:

- Next Business Day Response.
- 8 Hour Response, 8 Hour Fix.
- 4 Hour Response, 4 Hour Fix (upon request).
- See next page for full details and comparisons.

Our unique approach enables the technician to repair any fault on the first visit, meeting or exceeding the service level of the Product Warranty or Service Plan that has been purchased.

Preventative Maintenance

Gold & Platinum Service Plans for Low-Volume Production Scanners Include Preventative Maintenance. This is a proactive service for the product that protects against performance degradation that can result in unscheduled downtime and increased operating costs. Benefits include consistently higher image quality, higher feeding performance, higher recognition rates, lower rescan rates, increased productivity, elimination of unbudgeted costs and prolonged life of the equipment.

Scope of Preventative Maintenance:

Preventative Maintenance comprises of a scheduled visit by a technician to perform the following scope of work as required:

- Disassembly.
- Deep clean the scanner (removal of staples, paper clips, paper shards, dust, dyes, solvents).
- Lubrication of moving parts.
- Replacement of worn or performance degraded parts.
- Implementation of Engineering Changes and Firmware Updates as appropriate.
- Reassembly.
- Recalibration of optics and light levels.
- Adjustments and tests.

Benefits of Services from Fujitsu

Wide Range of Service Plans:

- To suit different levels of business process criticality and usage.

Model Specific Spare Parts Kit on every visit:

- Enables first visit fix rate in excess of 95%.
- Reduces downtime, productivity loss and operating costs.
- Improves your productivity and your bottom line.

Gold and Platinum Services Include Preventative Maintenance:

- Maintenance downtime can be scheduled to occur at a time convenient to you.
- Maintains optimum quality and performance.
- Prolongs the life of your equipment.

Manufacturers Service Program
