

FLASHWAVE® 7420

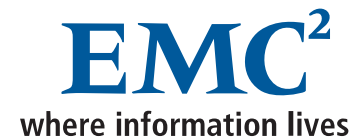

Certification & Interoperability

Reliable, affordable transport of stored data across the MAN and WAN is a critical component of enterprise business continuity and disaster recovery. This application relies on and drives the demand for optical networking solutions.

Fujitsu, the leading vendor of SONET, WDM and IP solutions for carriers, and ADVA Optical Networking, the leading vendor of WDM solutions for enterprises, have partnered to offer service providers storage transport solutions that businesses of all sizes can afford.

ADVA has established the Optical ADVantage program to confirm product interoperability and qualification for mission critical applications of business continuance, disaster recovery, data center consolidation and remote processing.

THE POSSIBILITIES ARE INFINITE

Product Interoperability and Qualification Testing Matrix

The following vendors, equipment and applications have been certified for use with the Fujitsu FLASHWAVE 7420 (ADVA FSP 3000) next-generation Dense Wavelength Division Multiplexing (DWDM) system.

	Equipment Vendor	Equipment	Interface	Installed Application	Vendor Certified
Disk Mirroring	Hitachi Data Systems	Lightning 9900™ V	True Copy (ESCON®, FC)	∞	∞
	EMC	CLARiiON®	MirrorView™ (ESCON, FC)	∞	∞
		Symmetrix®	SRDF® (ESCON, FC, GigE)	∞	∞
	IBM	Shark	PPRC, PPRC-XD, XRC	∞	∞
	Fujitsu	ETERNUS™ GR740	ROPC/REC	∞	∞
FC Switching	McDATA	Intrepid™	FC (1G/2G)	∞	∞
		Sphereon™	FC (1G/2G)	∞	∞
	Brocade	SilkWorm® 2000	FC (1G/2G)	∞	∞
		Silk Worm 3000	FC (1G/2G)	∞	∞
		Silk Worm 12000	FC (1G/2G)	∞	∞
	CNT (Formerly INRRANGE)	FC/9000™	FC (1G/2G)	∞	∞
QLogic	SANbox®	FC (1G/2G)	∞	∞	
FC/IP Gateways	LightSand	S-2500B	FC (1G) - GigE	∞	∞
	McDATA (Formerly Nishan Systems)	IPS 3000	FC (1G) - GigE	∞	∞
		IPS 4000	FC (1G) - GigE	∞	∞
SAN Applications	IBM	S/390®	GDPS®	∞	∞
		ZSeries®	GDPS	∞	∞
	HP	UX	FC (1G/2G)	∞	∞
		StorageWorks	FC (1G/2G)	∞	∞
