

The retailer's  
perspective

## Moving to the cloud is essential

FUJITSU

## » How can I transition seamlessly to the cloud without disrupting my customers? «

"As a retail business, we need to stay always-on. Migrating to the cloud is essential to achieve this. It allows us to offer a true omni-channel experience to our customers, scale up and down with seasonal demands, and spread our capital expenditure over time.

Our business cannot stop. We need to remain relevant to our customers and stay always-on. So how can we migrate to the cloud and continue to grow? We need a safe pair of hands to take us there."

### Where to start?

It's simple and easy with Fujitsu.

Through Discovery & Assessment, we will help you to identify what you have, which applications you should migrate, and in what order of priority.

As your Migration Partner, we will help you with a detailed migration plan that is designed to minimise the impact on your business. We know how important it is for retailers to continue to be able to service their customers during a major implementation and our experienced people will ensure it progresses smoothly.

### Why trust Fujitsu?

We are a global market leader in Cloud Services.

» Experience - We have over 5,000 cloud customers

» Multi-Cloud Approach - We are vendor-agnostic and will ensure you are using the best cloud platform to suit your business needs.

Let us take you on your cloud journey. **Trust in the experience.**
