ESPRIMO Family

FUJITSU Desktop ESPRIMO

The flexible and expandable partner
for the hyper-connected business world

shaping tomorrow with you

Fujitsu recommends Windows 10 Pro.

Business-centric innovation from Fujitsu

FUJITSU ESPRIMO desktops are designed to keep you efficient and productive in an always-on business world. To save on power bills, they combine energy-efficient power supply units (with up to 94% energy savings) with a special Low Power Active mode: this keeps the PC constantly available – ready for instant communication – at minimal energy consumption.

Performance is equally impressive, and the ESPRIMO comes with a choice of feature sets and form factors from mini PC to microtower and all-in-one “plug & work” devices. For easier connectivity, the ESPRIMO Q mini PC is also available in Meeting Room Edition to power Future Workplace concepts such as collaborative conference rooms.

Green

- Lowest power consumption
- Low Power Active Mode feature for instant communication and energy savings
- Halogen-free and PVC-free option
- Low carbon footprint

Human-Centric

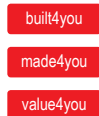

- Whisper quiet desktop PCs
- Easy serviceability and unique manageability capabilities
- Manufactured according to your configuration

Smart form factors

With a choice of form factors, ESPRIMO desktops are designed to streamline your workplace – and fit the space you have available.

ESPRIMO G/Q Series
Powerful, space-saving and stylish, the ESPRIMO G and Q business mini PCs, such as G558, Q958 and Q558 deliver more PC per cm³ than traditional desktops.

ESPRIMO D Series
Compact and expandable desktop PC designed for solid performance. Its volume? Just ten liters, the size of a folder.

ESPRIMO P Series
The ESPRIMO P micro-tower handles the most challenging applications. With smart energy-saving features, it delivers fantastic performance.

ESPRIMO K Series
The ESPRIMO K558 is a complete all-in-one package for modern workplaces: a “plug & work” desktop PC including a height-adjustable 24” display and attractive pricing.

	ESPRIMO G/Q	ESPRIMO D	ESPRIMO P	ESPRIMO K
All-Round	G558, Q558	D538	P558	K558/24
Advanced		D738	P758	
Superior	Q958, Q95x/MRE	D958	P958	

All-Round Line
Cost-effective, flexible PCs that handle all standard office applications with ease

Advanced Line
Expandable, powerful PCs engineered for your more challenging applications

Superior Line
Premium performance for the toughest jobs on your agenda, combined with easy manageability

ESPRIMO for your business scenario

Mix and match the form factor with the performance you need, and the business you're in: ESPRIMO PCs make it possible. And no matter where you work – an open plan office or a room of your own – your desktop PC stays super silent for minimum distraction.

Mini PC

- For elegant, silent modern workplaces
- Smart and energy efficient
- Smallest and flexible PC
- Integrated power supply and DVD (option)
- Perfect PC to place on desk, mount to screen or integrate into your working desk
- Ideal for small modern offices – clean, tidy workplaces

Small Formfactor

- For compact expanded workplaces
- Powerful, compact and expandable
- Highly upgradeable and tool-less serviceability
- Tailor your desktop PC for different needs ranging from entry working desk to complex work scenarios
- Ideal for public, private business or retail offices

Microtower

- Classical form factor PC with latest technology
- High expandability and security functions
- Most powerful; ideal for advanced, performance-hungry applications and entry level professional VR
- Tower PC with highly efficient power supply choices and zero-noise
- Configurable on a high scale to address your individual needs
- Designed for small, mid-size and large businesses and public customers

All-in One

- Smallest footprint for a PC – enables significant space saving
- Ready to use in a few minutes – “plug and work” PC
- Right choice for web meetings and conferences, features a brilliant 24" display
- Clean ergonomic design protected against manipulation and easy to maintain
- Perfect fit for education, front desk and task worker in public and industry sector of any size

Tidy desk, connected workplace

With the mini PC and mini power pack, you gain a tidy desk and save space without compromising on computing power or security. Mounted discreetly on the display stand, the ESPRIMO eliminates cable clutter.

Personalize your workplace

With a range of accessories and peripherals from Fujitsu, you can match your ESPRIMO desktop workplace exactly to your preferences.

Displays

Choose from all-round, advanced and superior configurations in sizes up to 86.3 cm (34-inch). All offer excellent connectivity and usability with an ergonomic design.

Universal Monitor Stand

Save desk space and position your display at the optimum level. You can place your ESPRIMO Q mini PC directly under the display. This stand is height-adjustable by 130 mm and can be tilted between +5° and -30°.

Keyboards / Mice

Choose what suits you best: Fujitsu offers all kinds of wired and wireless mice, and ergonomic keyboards (including security keyboards).
