Fujitsu recommends Windows 11 Pro.

Data Sheet Fujitsu Desktop ESPRIMO D7012

Small form factor PC in a more compact and space-saving design

The Fujitsu ESPRIMO D7012 is a high performance, secure small form factor Desktop PC with ultimate expandability, along with best-in-class connectivity. Faster operations and a small housing helps in space saving to create the perfect working desk. The USB Type-C, flexible graphics options, offers great connectivity. The 80Plus GOLD and 80Plus PLATINUM power supply helps to reduce environmental impact and energy bills.

Latest Intel® chipset technology and higher memory speed

High performance ensures faster operations and lower system response time

- Intel® Q670 chipset with higher memory frequency of 3,200 MT/s
- Intel® vPro™ Enterprise and Intel® vPro™ Essentials technology as BTO (depending on processor)

Ultimate expandability with easy serviceability
Space saving design for your future computing needs

- Space saving design for your future computing needs
 3x low profile (LP) or 1x LP/ 1x full height (riser) via BTO
- Space saving in width and depth with 8.3 liters volume
- Tool-less access to components, easy change and screw-less add on cards

Best-in-class connectivity

Be flexible and stay productive in a hyper-connected world

- Support of new USB Type-C in front
- Flexiport options (VGA, DVI-D, HDMI, Type-C, DP, Serial LAN, 2x USB Type-A)
- USB Type-C support of 60 W (optional to power a display)
- Legacy PS2, serial port connectors as option

High security with integrated options

Designed to protect data and hardware components against manipulation and theft

- Cable cover in addition to existing Smartcard reader, Erasedisk software
- Integrated cabinet lock with master key option
- Hole for pad lock and Kensington as standard for security

Low power consumption and environmental impact

Reduced environmental impact and reduced energy bills

- 80Plus GOLD and 80Plus PLATINUM power supply efficiency with monitor outlet
- Sum of post-consumer recycled content for plastic per weight is 61% (18% are from ITE derived post-consumer material and 43% are any other post-consumer material)

More information

Fujitsu products, solutions & services

In addition to Fujitsu Desktop ESPRIMO D7012, Fujitsu provides a range of platform solutions. They combine reliable Fujitsu products with the best in services, know-how and worldwide partnerships.

Fujitsu Portfolio

Build on industry standards, Fujitsu offers a full portfolio of IT hardware and software products, services, solutions and cloud offering, ranging from clients to datacenter solutions and includes the broad stack of Business Solutions, as well as the full stack of Cloud offering. This allows customers to leverage from alternative sourcing and delivery models to increase their business agility and to improve their IT operation's reliability.
