

ETERNUS CS High End (HARDWARE VERSION V08) END OF SERVICE LIFE (EOSL) ANNOUNCEMENT

May, 2015

# Fujitsu ETERNUS CS High End Data Protection Appliance End of Service Life (EOSL)

Fujitsu America, Inc. ("FAI") announces End of Service Life ("EOSL") for the following ETERNUS® CS High End Hardware V08 Data Protection Appliances effective with the date listed below. To continue maintenance support services beyond this date, an Extended Support Contract may be requested, but can only be granted for a maximum period of 1 year. Prerequisite for Extended Support is an upgrade to the latest Software release supported on the respective Hardware. Extended Support generates incremental costs in development and support which need to be covered by the customer contract with an additional monthly fee. Now is the time for reviewing options for a Tech Refresh of your Data Protection Appliance. Please contact your local FAI Service Delivery Manager for more information.
