## Fujitsu STYLISTIC® Q550 Slate PC

Your professional companion

Fujitsu recommends Windows® 7.

### Benefits

Businesses everywhere are discovering the merits of tablet computing but require a business-oriented device that empowers their mobile workforce to get real work done. The STYLISTIC® Q550 is the culmination of 20 years of Fujitsu tablet PC engineering expertise. It has been designed to exceed the demands of mobile field workers, meet corporate IT policy, compliance with Windows® compatibility, and adhere to the most stringent security requirements. It offers an exceptionally bright display with uncompromising wide-viewing angles to enhance usability regardless of the task at hand. You can optimize your interaction with both the precision of the digital pen and the convenience of your fingers. The quick-swap battery ensures the STYLISTIC Q550 works as long as you do, delivering on-your-feet computing that simply works for your business.

### Work Productively Anytime, Anywhere

Mobile professionals need the ability to not only view content, but to create, manipulate and collaborate information to get real work done. The STYLISTIC Q550 equips you with the tools you need to efficiently complete mission-critical tasks. Its combination of pen- and multi-touch will raise your computing interaction to new levels of convenience and productivity. Running genuine Windows® 7 Professional, you're ensured instant compatibility with your existing applications and common productivity applications like Microsoft® Office.

### Extreme mobility

Weighing 1.7 lbs.<sup>1</sup> and featuring an exceptionally bright (400 nit) 10.1" Wide XGA IPS display with wide-viewing angles, the STYLISTIC Q550 is your on-the-go, out-in-the-field professional companion. Its balanced design with slip-free grip fits naturally in your hands and in your workplace.

**Quick-Swap Battery for All Day Computing** Have you ever felt anxious that your tablet's battery life won't last an entire work day? Why compromise mobility with a fixed battery? The STYLISTIC Q550 takes productivity further—if you need more power to get you through a long shift, simply swap the removable battery and get back to work fast.

### Rock-Solid Security for Your Business-Critical Data

When you are handling customer data, financial information, patient records and other sensitive information, you don't want to take chances with security. The STYLISTIC Q550 incorporates a suite of security features including Fingerprint Sensor, integrated Smart Card reader slot, embedded TPM (select configurations), and solid state drive with full disk encryption to protect against unauthorized access of your personal and business data.

### Stay Connected Everywhere

Power through your workday while staying connected in practically any wireless environment. With its embedded wireless capability, the STYLISTIC Q550 will connect to a variety of wireless infrastructures. Optional embedded mobile broadband allows you to stay connected wherever you are, whenever you need it.

### Expansion When You Need It

The integrated USB 2.0 port provides seamless connections to local peripherals, such as an external storage device, USB keyboard, or printer, to name a few. The integrated HDMI port allows you to connect to an external monitor or HDTV for sharper images, or to a projector for broad audience communication and collaboration.

- Genuine Windows® 7 Professional
- Exceptionally bright (400 nit) 10.1" Wide XGA LED backlit IPS anti-glare display; great for collaboration and viewing in all types of working environments, including outdoors
- Display supports both digital pen input and capacitive multi-touch for intuitive input
- Extremely light starting at 1.7 lbs.<sup>1</sup> for convenient mobility
- Quick-swap battery to get you through a long day
- Very comprehensive suite of security features

# Technical details

Software		Contact
Operating system:	Genuine Windows® 7 Professional 32-bit (MUI) Note: Microsoft® Office 2010 preloaded. Purchase Office Product Key to activate Office 2010 full featured suite.	Fujitsu Canada Inc. Website (English): solutions.ca.fujitsu.com
Software:	Adobe Reader®, Fujitsu Touch Launcher, Fujitsu Driver Update utility, Portshutter®, OmniPass Fingerprint application, Auto-rotation Display Utility, Battery Swap Utility, Power Saving Utility, Nuance XT9® Smart Input, Nuance T9® Trace, Fujitsu HomeLauncher, Fujitsu OnScreen keyboard	Website (French): solutions.ca.fujitsu.com/fr
Key Specifications (listed specifications are for the current model only and not for earlier models or revisions to this product.)		
Processor:	Intel® Atom™ Processor Z690 (1.7 GHz, 512 KB cache) Intel® Atom™ Processor Z670 (1.5 GHz, 512 KB cache)	1. Actual system weight may vary depending on configuration and manufacturing variability.
Chipset:	Intel® SM35 Express Chipset	2. One gigabyte (GB) = one billion bytes; accessible capacity will be less and actual capacity depends on the operating environment and formatting.
Memory:	On Board 2 GB DDR2-800 MHz SDRAM	3. Service and warranty turnaround time may vary by country and product. The International warranty is only valid for products purchased in North, Central, and South America.
Display:	Anti-glare, bright (400 nit) 10.1" WXGA LED backlit IPS display with 160 degree vertical and horizontal viewing angles; display protected by chemically strengthened glass	4. A GPS application (compatible with NMEA v3.1 or later) must be purchased separately.
Display orientation:	Supported with WiFi On/Off: 0°, 90°, 180°, 270° (display accelerometer is factory disabled)	5. MIL-STD-810G test results are not a guarantee of future performance under identified test conditions, nor does it imply that it will meet the contract requirements of Department of Defense. Accidental damage is not covered under standard international limited warranty.
Maximum resolution:	Internal display: 1280 x 800 pixel, 16M colours External monitor: supports 480p, 720p, and 1080i Simultaneous: 1280 x 800 pixel, 16M colours	
Video controller:	Intel® GMA600 Graphics; VRAM max. 759 MB	
Digitizer:	Digital pen input and up to 4-finger capacitive multi-touch	
Hard drive options²:	SSD (SATA 300, full disk encryption and TRIM command support): 30 GB or 62 GB	
Camera:	Front-facing VGA camera Rear-facing 1.3 MP camera	
Audio:	Realtek ALC269 with (HD) audio, one built-in mono speaker and noise cancelling dual microphones	
Wireless communication:	Ralink 802.11 abgn, IEEE 802.11 abgn Bluetooth® v3.0	
Wireless Broadband:	Optional integrated mobile broadband Sierra Wireless AirPrime™ MC8355 (Gobi™3000) with GPS⁴ supports optional Rogers Wireless Network	
User interface:	Digital pen input and up to 4-finger capacitive multi-touch Optional Bluetooth keyboard	
Ports:	One HDMI port One bootable USB 2.0 port One DC in connector One headphone/line-out jack One docking connector	
Card slots:	SD/SDHC Card slot Dedicated Smart Card reader slot (requires third-party application)	
Security:	Integrated fingerprint sensor Integrated Smart Card reader slot SSD with full disk encryption Embedded TPM (select configurations) Computrace® enabled BIOS User and supervisor BIOS password	
Battery options:	Lithium polymer battery (2-cell, 19 WHr): battery life up to 4 hours Lithium polymer battery (4-cell, 38 WHr): battery life up to 8.2 hours	
AC adapter:	Auto-sensing 100-240 V AC, 40 W, 19 V DC, 2.1 A	
Dimensions/weight¹:	10.83" x 7.56" x 0.63" Approximately 1.7 lbs. with 2-cell battery; 1.9 lbs. with 4-cell battery and TPM	
Durability:	Chemically strengthened glass; Magnesium alloy back cover; Solid state drive	
Operating temperature:	5°C to 35°C / 41°F to 95°F (ambient temperature); 20% to 85% relative humidity, non-condensing	
Non-operating temperature:	-15°C to 60°C / 5°F to 140°F; 8% to 85% relative humidity, non-condensing	
Key accessories:	Docking cradle with four USB 2.0 ports and DC in connector; Folio case; Bluetooth keyboard; Additional 4-cell 38 WHr battery; screen protector; auto/air adapter	
Compliance & Service Information		
Compliance:	FCC Part 15 Class B VCCI and FCC Part 15E; IC ICES-003 Class B and RSS-210; UL-cUL Listed; ENERGY STAR® qualified	
MIL-STD-810G³:	Built Tough MIL-STD-810G tested for various demanding environmental conditions, functional shock, vehicle vibration, vibration integrity, altitude, low (cold) and high (heat) temperature, humidity, transit drop, and blowing dust.	
Warranty³:	One or three-year International Limited Warranty on select corporate configurations; 24/7 technical support; Fujitsu extended service plans available.
