**Adobe Acrobat** 7.0 Standard

PDF File Arranging & Viewing Software

## Features:

### Scan 15 double-sided pages per minute:

In one step, the ScanSnap™ fi-5110EOXM digitizes both sides of a document in a single pass, in color, and at an amazing speed of up to 15 pages per minute.

### Automatically eliminate blank pages:

Since ScanSnap automatically recognizes and eliminates blank pages, each scanning job progresses smoothly, even when scanning combinations of one-sided and two-sided documents.

### Simple installation and operation in a compact design!

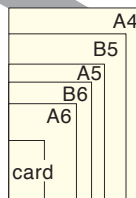

Easily install the ScanSnap via its Hi-speed USB 2.0 interface. Furthermore, the small footprint of the scanner is ideal for even the most crowded of desktops.

### File size reduction with automatic color detection:

ScanSnap automatically separates color documents from black and white ones and saves this information in highly compressed files, thus saving storage space.

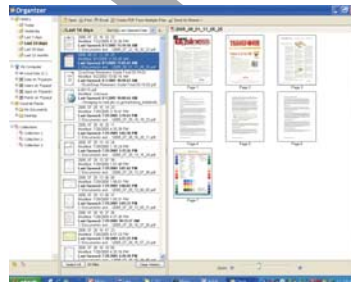

### Automatic de-skew and paper size detection:

ScanSnap automatically straightens and automatically detects the following paper sizes (A4, B5, A5, B6, A6, Business Card, Legal and Letter).

### Organize PDF's with Adobe Acrobat 7.0

The bundled "Adobe Acrobat 7.0 Standard" displays scanned PDF files as thumbnails in Organizer. ScanSnap users can view any image in a particular file, without opening it up. Furthermore, PDF files can be assembled into a single PDF document from multiple sources.

### Advance Exchange maximizes uptime:

The ScanSnap fi-5110EOXM is covered by a one-year Limited Warranty. An upgrade to the Advance Exchange program (sold separately) is also available to eligible purchasers. For full details on the Limited Warranty and on all service programs, go to [www.ImagingService.com](http://www.ImagingService.com) or call (800) 301-9475.
