Cover Open Buttons
Paper Chute

ADF Cover

1. Brake Rollers
   - Open the brake roller holder and remove the brake roller before cleaning.

2. ADF Glass Surfaces x 2
   - Located on the ADF cover and opposite side. Clean lightly.

3. Pick Roller x 2
   - Remove the ADF Paper Chute and lift the Pick Roller Cover. Remove the rollers and clean lightly taking care not to scratch the surface.

4. Plastic Rollers x 4
   - Clean lightly while rotating with your finger. Take care not to roughen the surface.

Using cleaning paper moistened with F1 cleaner

5. Feed Rollers
6. Eject Rollers (hidden)

Turn the Scanner OFF while cleaning the following locations

PFU
a Fujitsu company

P.T.O.
**Turn the Scanner **ON **while cleaning the following locations**

**Using cleaning paper moistened with F1 cleaner**

Make sure the code “P” is NOT showing on the Function Number Display.

To rotate the Feed and Eject Rollers, hold down the SEND TO and SCAN/STOP buttons. As a guideline, seven presses of the SCAN TO and SCAN/STOP buttons together make the Feed Rollers rotate one full turn.

- **Eject Rollers x 2**
- **Feed Rollers x 2**

Clean lightly taking care not to roughen the surface.
