

### 1. Modular Bay Battery

Searching for power sources when you're outdoors can be a hassle. Extend the operating hours of your LifeBook with a modular battery pack.

### 2. AC Adapter

An additional adapter at home, office and in the briefcase makes traveling a lot simpler.

### 3. Weight Saver

When the optical drive is not needed, the Weight Saver is ideal to reduce the weight of the LifeBook.

### 4. Port Replicator

Unique wedge design provides easy, one-step connection and removal of your LifeBook. When connected, it links all your peripherals to your LifeBook.

## Accessorise your Fujitsu PC

### LifeBook SH760/SH560
