

LifeBook S6520/S6420

OPTIONAL ACCESSORIES

Dual Layer DVD Super Multi Writer
Dual-layer DVD-R technology lets you record almost twice the amount of data on a single disc surface. Compatible with CD-R, CD-RW, DVD-R, DVD-RW and DVD-RAM.

Weight Saver
Reduces the weight of your LifeBook whenever the optical drive is not required.

Modular Bay Battery
Searching for power sources when you're outdoors can be a hassle. Extend the operating hours of your LifeBook with a modular batter pack.

Optical USB Black Mouse (Retractable)
Optical tracking technology offers convenient usage.

Port Replicator
Unique wedge design provides easy, one-step connection and removal of your LifeBook. When connected, it links all your peripherals to your LifeBook.

AC Adapter
An additional adapter at home, office and in the briefcase makes travelling a lot of simpler.

Mini S-Video Cable
Connect your LifeBook to a television display via the S-Video port.
