

LifeBook C1321

- Value-priced 15.4" wide LifeBook with excellent performance
- Health and Environment friendliness with RoHS compliance⁶
- Excellent battery life up to 4hrs¹
- Comprehensive connectivity and comfortable palm rests
- Intuitive mini LCD display for real-time feedback on system components' status

C1321 Recommended Configuration	
Platform	Intel® Centrino® Mobile Technology - Intel® Pentium® M Processor 740 (1.73GHz, 2MB L2 cache, 533MHz FSB) - Intel® PRO/Wireless 2200BG network connection - Intel® 915GM Express Chipset
OS Supported	Windows® XP Home Edition Windows® XP Professional
Display	15.4" Wide XGA TFT, 1280 x 800 pixels
Graphics	Integrated Intel® Graphics Media Accelerator 900 with DVMT ⁵ 3.0 delivers low-power, high-performance 2D/3D graphics, video, and display capabilities at a maximum shared memory of 128MB
Built-in Bay Device	DVD/CD-RW Combo Drive
Memory	256MB DDR2 533MHz
Hard Disk	40GB
Battery	Up to 4hrs ¹ (6-cell Li-Ion 5200mAh)
Weight	Approx. 2.9kg
Specifications	
Max. Memory Supported	2GB DDR2 533MHz, Dual Channel
Hard Disk Drive	Ultra ATA-100 and S.M.A.R.T. support
High Definition (HD) Audio	RealTek ALC260 HD audio codec with built-in dual Stereo Speakers HD Audio-in: Mic-in, Line-in HD Audio-out: Headphone-out, Line-out
Communication	56K V.92 ² Global Modem MDC1.5, 1000/100/10Mbps ³ PCI Express® x1 Gigabit Ethernet and Intel® PRO/Wireless 2200BG network connection with Dual Antenna. Separate ON/OFF switch for wireless network connection
User Interface	Keyboard: 84-key, 19mm key pitch, 3mm key stroke Intelligent Touch Pad with configurable vertical and horizontal scroll functions Scroll Button
Card Slot	PC Card Type II ExpressCard™ /34 /54 support Secured Digital
Connector Interface	USB 2.0 x 4, VGA (external display), RJ45 (LAN), RJ11 (modem), S-Video out, IEEE1394, Serial, Parallel, HD Audio-in, HD Audio-out, Power Adapter DC-in
Security ⁴	BIOS Lock, Hard Disk Lock, Anti-theft Lock Slot
Dimensions	360mm (W) x 272mm (D) x 38.8mm (H)
Bundled Accessories	
AC Adapter	Input AC 100 ~ 240V, Output DC 19V 60W
Bundled Software	CyberLink PowerDVD™, CyberLink PowerProducer™ 3.0, Roxio Digital Media SE, Roxio DLA, Adobe Acrobat Reader 6.0, Fujitsu Update Navi ⁷ , Fujitsu Hardware Diagnostic Tool, Fujitsu Display Manager
Software on CD	1 year Full Licensed Norman Virus Control with Sandbox Technology and Norman Personal Firewall
Optional Accessories	
Floppy Disk Drive	External USB 1.44MB FDD
Mouse	USB Optical Scroll Mouse

The above information shows the general technical specifications of the product and does not represent actual configuration. For specific configurations and their availability, please check with your local distributors.

- Results obtained from Mobile Mark 2002 performed on systems with maximum battery life settings. Actual battery life will vary based on screen brightness, sound volume settings, running applications, connected peripherals, power management settings, battery conditioning, and other customer preferences. Modular Bay devices or hard drive usage may also have a significant impact on battery life.
- Maximum 56Kbps performance varies according to your local service providers' services as well as line condition. V.92 performance is dependent on local service providers' services.
- This term does not represent actual data rate of 1000/100/10Mbps and simply indicates compliance with IEEE 802.3, IEEE 802.3u and IEEE 802.3ab standards. Actual maximum data rate depends on network configurations, cable conditions as well as connected devices.
- BIOS Lock needs a supervisor/user password to access BIOS setup. BIOS settings can be configured to prompt for password at every first bootup or all bootup sequences. Access to BIOS setup is needed to configure Hard Disk Lock. Hard Disk Lock requires an access key to retrieve data on the hard disk. This is a Data Confidentiality security feature. Anti-theft Lock Slot allows the use of a lock to physically secure the LifeBook.
- Dynamic Video Memory Technology (DVMT) dynamically responds to application requirement and efficiently allocates the proper amount of memory (max. 128MB) for optimal graphics and system performance. The memory size available to the Operating System will be less than the size of installed memory module.
- RoHS (Restriction on Hazardous Substances) compliance means the system and its internal components comply with EU RoHS directive (2002/95/EC) on the restricted use of six hazardous substances in the manufacture of the system and its internal components.
- Update Navi is a Fujitsu Proprietary application that updates LifeBook drivers by connecting automatically to Fujitsu's server. This will help update your LifeBook with the latest software drivers and utilities to ensure compatibility between hardware and software, maintaining smooth operation anytime, anywhere.

It is natural for all thin-film transistor (TFT) liquid crystal displays (LCD) to show a small number of missing or discoloured dots. These are commonly known as non-conforming pixels. This is a technology limitation of TFT LCD and does not represent a defect. Fujitsu warranty does not cover limitations in technology such as non-conforming pixels.

Specifications reflected above are engineering and hardware specifications. They do not represent actual usage or operating dimensions, sizes, performances and weights as these are dependent on factors such as operating temperature, type of operating system and application used, connected devices and accessories as well as hardware configurations of the notebook. Please check the compatibility of 3rd party accessories before purchase. Ambient temperature: 5° to 35°C / 41 to 95°F (operating), -10° to 60°C / 14 to 140°F (non-operating). Relative humidity: 20% to 80% RH (operating and non-operating).
