LifeBook U2010

The ultra-versatile, ultra-mobile PC

The new Fujitsu LifeBook U2010 is the ultimate 3-in-1 PC companion. Featuring full computing capabilities in an ultra-mobile unit that fits snugly in your palm, it will change the way you work, play and entertain. Users on the go will appreciate the robust processing power and efficient energy consumption of the U2010. With the built-in 1.3 Mega Pixel camera and the latest full-featured Intel® Centrino® Atom™ processor technology, it is the ideal digital multi-media solution. Experience unparalleled fun and maximum functionality anywhere.

Fujitsu recommends Windows Vista® Home Premium.

Hassle-free Travel

The LifeBook U2010 features an integrated GPS module. Finding a new destination has never been easier – simply follow the real-time directions on the map.

Power On The Go

The new Intel® Centrino® Atom™ processor Z530 drives the LifeBook U2010 with 1.6 GHz of processing power. With integrated GPS and an energy-efficient battery, you will also enjoy up to 3.5 hours of ultra-mobile computing and up to 7.5 hours with extended battery.

Music Anywhere

Now you can listen to your favourite tunes or downloaded talk shows anywhere with a built-in FM transmitter* that wirelessly plays music to your home hi-fi or car speakers. It even lets you share music with your friends.

*Transmit on FM frequencies ranging from 89 to 98MHz within a distance of 2 to 3 meters from FM Radio with application running on Genuine Windows Vista® Home Premium Operating System.

Stay Connected

Take digital photos and easily stay in touch with friends and colleagues with the built-in 1.3 Mega Pixel camera. The 5.6-inch Superfine WXGA display ensures exceptional clarity with 1280 x 800 pixels resolution. WiFi, LAN and Bluetooth® v2.1 comes as standard.

Microsoft® Origami™ Function

The LifeBook U2010 comes with Microsoft® Origami™ Experience 2.0, the software suite built on Windows Vista® Home Premium Operating System and is specially designed for Ultra-Mobile PCs. Microsoft® Origami™ Experience 2.0 includes exciting new programs – Origami™ Central, Origami™ Picture Password and Origami™ Now – that enhance the functionality of the U2010.

Your Ultimate 3-in-1 Companion

Hand-held device

The LifeBook U2010 is an ultra small, palm-sized hand-held device, great for use while on the go.

Tablet PC

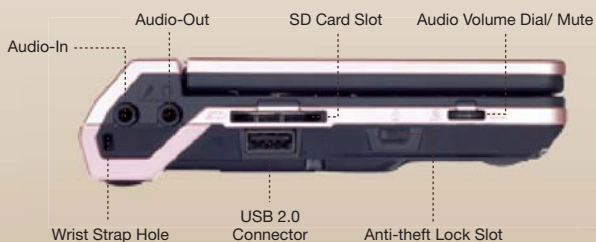

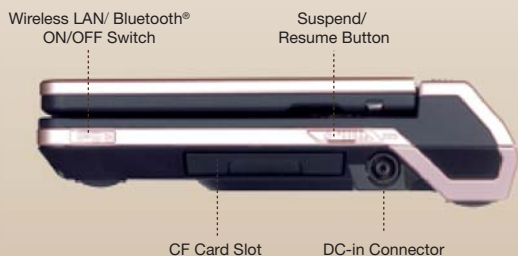

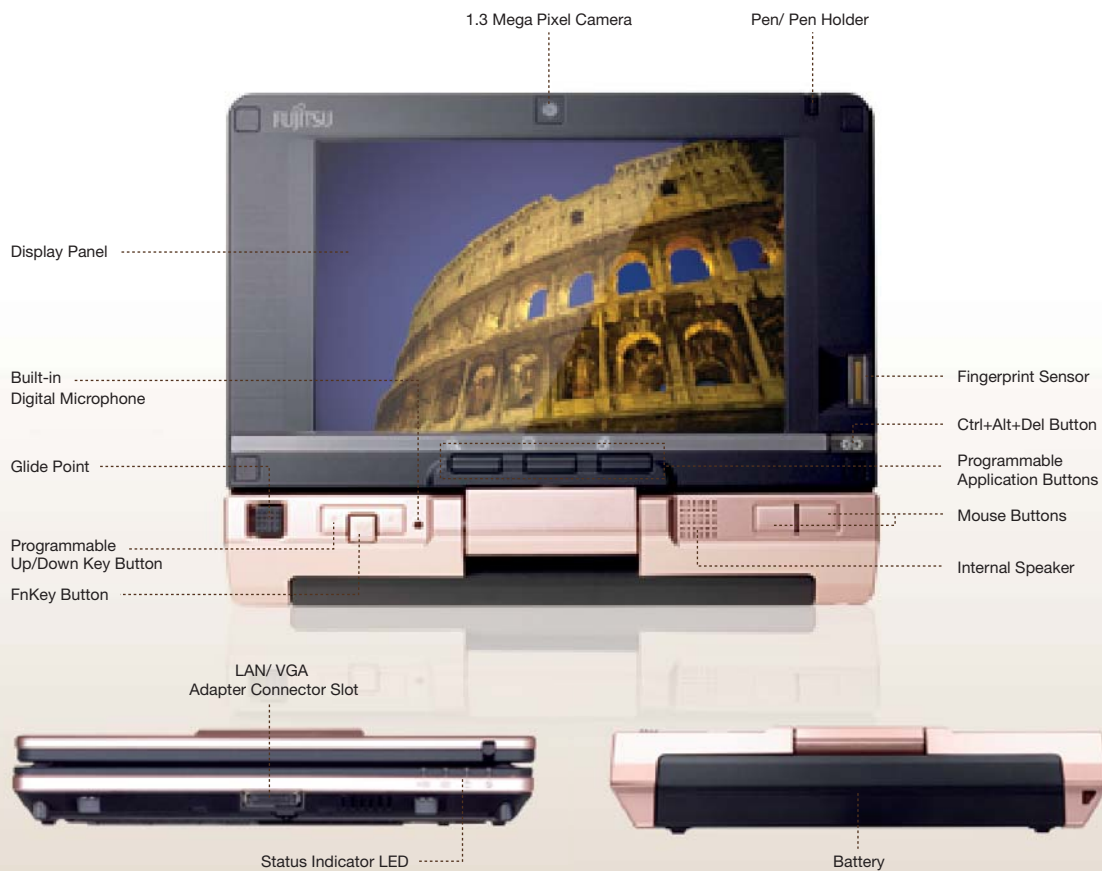

It is also a Tablet PC with pen input for quick note taking without any need for paper.

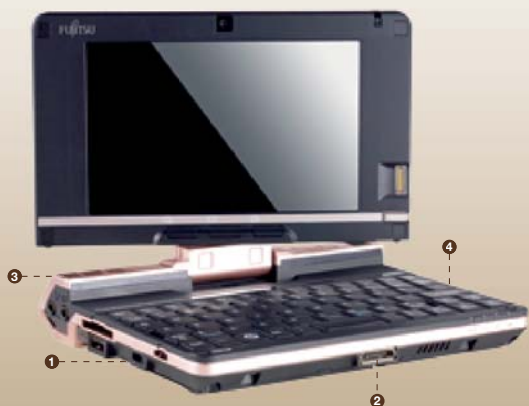

Notebook

Enjoy the convenience and efficiency of the LifeBook U2010 as a notebook with Qwerty keyboard.

OPTIONAL ACCESSORIES

External Slimline USB Super Multi DVD Writer
The External Slimline USB Super Multi Writer is ideal for those of you who require to read and record data occasionally.

Battery
A second battery pack comes in handy when travelling for extended periods.

Port Replicator
Unique wedge design provides easy, one-step connection and removal of your LifeBook. When connected, it links all your peripherals to your LifeBook.

AC Adapter
An additional adapter at home, office and in the briefcase makes travelling a lot simpler.

Optical USB Black Mouse (Retractable)

THE POSSIBILITIES ARE INFINITE **FUJITSU**

Fujitsu recommends Windows Vista® Home Premium.

LifeBook U2010

- Super light-weight, 5.6-inch touch-screen tablet-convertible Ultra-Mobile PC (UMPC) with Intel® Centrino® Atom™ processor technology
- Genuine Windows Vista® Home Premium
- Intelligently designed as a Notebook, Tablet PC or Hand-held to suit your flexible work mode
- Microsoft® Origami™ Experience 2.0⁸ for quick-touch access of music, videos, pictures, games and other favourite functions
- Optimal connectivity via built-in Wireless LAN, Fast Ethernet and Bluetooth® v2.1
- Wirelessly play audio and music to nearby FM radio speakers⁹
- WXGA display with high brightness 300nits for superb outdoor stunning view of text, graphics and videos
- Never lose your way and go with direction with Integrated GPS¹¹

Specifications	
Platform	Intel® Centrino® Atom™ processor technology - Intel® Centrino® Atom™ processor Z530 (1.6GHz, 512 L2 Cache, 533Mhz) - Intel® System Controller Hub
Operating System	Genuine Windows Vista® Home Premium (or Genuine Windows Vista® Business)
Display	5.6-inch SuperFine WXGA TFT ¹⁰ , 1280 x 800 pixels, Passive Touch Panel
Memory	1 GB DDR2 533MHz
Hard Disk	60GB HDD/ 64GB SSD
Bluetooth®	v2.1 + EDR
Battery	Up to 3.5hrs ¹ on HDD/ Up to 4hrs ¹ on SSD (2-cell Li-Ion 2900mAh)
Weight	Approx. 0.61kg
Detailed Specifications	
Hard Disk Drive	60GB HDD: 1.8-inch PATA Ultra DMA 100 (4200rpm), 2 plates, S.M.A.R.T support, Two Partitions - 50/50 ²
Graphics	Intel® Graphics Media Accelerator 500
Audio	RealTek ALC269 HD audio codec with built in speaker and digital microphone
Communication	Bluetooth® v2.1, RealTek Fast Ethernet, Atheros® XSPAN™ 802.11n ³ with dual antenna, 1.3 Mega Pixel camera, GPS ¹¹
User Interface	Keyboard with Glide Point: 68-keys, 15mm key pitch, 1.3mm key stroke Glide Point with two buttons (left & right) Touch Screen Panel with Stylus Pen 4 LEDs Indicator (Power-LED, DC-in/ Charge-LED, Battery Status-LED, HDD Access-LED)
Card Slots	1 x Type I/II CF Card slot 1 x Secure Digital (SD) Card Reader
Connector Interface	USB 2.0 x 1, Audio-in, Audio-out, Power Adapter DC-in, VGA (external display) and RJ45 (LAN) via bundled LAN/ VGA adapter connector
Quick Launch Panel	Two programmable application buttons, two programmable up/down key buttons, one rotation button, one Ctrl+Alt+Del button and one FnKey button
Security ⁴	User and supervisor BIOS password, Boot Sector Write Prevention, Fingerprint Sensor, SMART HDD, Anti-theft Lock Slot
Dimensions	Approx 171mm (W) x 135mm (D) x 26.5 - 33.0mm (H)

Bundled Accessories	
AC Adapter	Input AC100-240V, Output DC16V, 2.5A (40W)
Bundled Softwares	Microsoft® Origami™ Experience 2.0 Pack (Runs on Genuine Windows Vista® Home Premium Operating System only), Acronis True Image, Softex OmniPass, ArcSoft Camera Capture, Adobe Acrobat Reader, Sun Microsystems Java Runtime, Fujitsu UpdateNavi ⁵ , Fujitsu Hardware Diagnostic Tool, Fujitsu Display Manager, Roxio Easy Media Creator, Microsoft Office Professional 2007 60-day Convertible Trial ⁶
Other Softwares	1 year Full Licensed Norman Virus Control
VGA/ LAN Adapter ⁷	External adaptor for connection to RJ45 (LAN), VGA (external display)
Carrying Case ⁷	Portable Slip Case
Optional Accessories	
Port Replicator	Connector Interface: USB 2.0 x 4, VGA (external display), RJ45 (LAN), Power Adapter DC-in Dimensions: 190 mm (W) x 110mm (D) x 159mm (H) Weight: 0.33kg
Extended Battery	Up to 7.5hrs ¹ on HDD/ Up to 8.5hrs ¹ on SSD (4-cell Li-Ion 5800mAh)

The above information shows the general technical specifications of the product and does not represent actual configuration. For specific configurations and their availability, please check with your local distributors.

Disclaimers:

- Results obtained from BAPCo® MobileMark™2007(Productivity Workload) performed on systems with maximum battery life settings under laboratory testing environment. Actual battery life will vary based on screen brightness, sound volume settings, running applications, connected peripherals, power management settings, battery conditioning, and other customer preferences in the real life situation. Built-in bay device or hard drive usage may also have a significant impact on battery life. Note: Battery life is based on Intel® Centrino® Atom™ Processor Z530.
- This refers to Windows Vista® hard disk drives C:\ and D:\. 50/50 refer to approximate 50% allocation of user accessible hard disk storage to C:\ and D:\ drives respectively. For Windows Vista® hard disk drives, 1GB will be reserved for internal recovery usage which is not shown.
- XSPAN™ are trademarks of Atheros® Communications. Client with Atheros® XSPAN™ enabled chipset, delivers a maximum of 300 Mbps link speed, with performance subject to wireless access point capacity and network environment.
- BIOS Lock needs a supervisor/user password to access BIOS setup. BIOS settings can be configured to prompt for password at every first bootup or all bootup sequences. Access to BIOS setup is needed to configure Hard Disk Lock. Hard Disk Lock requires an access key to retrieve data on the hard disk. This is a Data Confidentiality security feature. LifeBook Lock requires a supervisor/user password to bootup the LifeBook when it powers up or resumes last session from suspend/hibernate mode. Anti-theft Lock Slot allows the use of a lock to physically secure the LifeBook. Fingerprint sensor uses AuthenTec TruePrint™ Technology and Softex OmniPass to remember customer list of user IDs and passwords. Full security unlock sequence - LifeBook Lock, Bootup Lock (BIOS Lock), Hard Disk Lock, Fingerprint Windows Logon. NOTE: Loss of password requires the LifeBook to be returned to Japan factory for system refresh. Cost of shipment and lost data will be borne by the customer. Backup up user's profile before changing HDD. Without the user's profile associated with a document at the point of encryption, Softex OmniPass cannot decrypt the encrypted document.
- UpdateNavi is a Fujitsu Proprietary application that updates LifeBook drivers by connecting automatically to Fujitsu's server. This will help update your LifeBook with the latest software drivers and utilities to ensure compatibility between hardware and software, maintaining smooth operation anytime, anywhere.
- Microsoft Office Professional 2007 60-day Convertible Trial needs online activation to begin. 60-day starts from day of activation.
- Please check actual bundling with country local distributor.
- Microsoft® Origami™ Experience 2.0 is UMPC-specific software suites that runs on Genuine Windows Vista® Home Premium Operating System only.
- Transmit on FM frequencies ranging from 89 to 98MHz within a distance of 2 to 3 meters from FM Radio with application running on Genuine Windows Vista® Home Premium Operating System.
- It is natural for all thin-film transistor (TFT) liquid crystal displays (LCD) to show a small number of missing or discolored dots. These are commonly known as non-conforming pixels. This is a technology limitation of TFT LCD and does not represent a defect. Fujitsu warranty does not cover limitations in technology such as non-conforming pixels.
- Integrated GPS in selected configurations and its availability varies in countries. Please check with your local distributors.

Product weight is for base system only. Weight varies depending on different configurations.

Specifications reflected above are engineering and hardware specifications. They do not represent actual usage or operating dimensions, sizes, performances and weights as these are dependent on factors such as operating temperature, type of operating system and application used, connected devices and accessories as well as hardware configurations of the notebook. Please check the compatibility of 3rd party accessories before purchase. Ambient temperature: 5° to 35°C / 41 to 95°F (operating), -15° to 60°C / 5 to 140°F (packaged). Relative humidity: 20% to 85% RH (operating), 8% to 85% RH (packaged). Please note that GB = billion bytes. 1GB is equivalent to 1,073,741,824 bytes.

Fujitsu recommends Windows Vista® Home Premium.

THE POSSIBILITIES ARE INFINITE

FUJITSU

Fujitsu recommends Windows Vista® Home Premium.

LifeBook U2010

- Super light-weight, 5.6-inch touch-screen tablet-convertible Ultra-Mobile PC (UMPC) with Intel® Centrino® Atom™ processor technology
- Genuine Windows Vista® Home Premium
- Intelligently designed as a Notebook, Tablet PC or Hand-held to suit your flexible work mode
- Microsoft® Origami™ Experience 2.0⁹ for quick-touch access of music, videos, pictures, games and other favourite functions
- Optimal connectivity via built-in Wireless LAN, Fast Ethernet and Bluetooth® v2.1
- Wirelessly play audio and music to nearby FM radio speakers⁹
- WXGA display with high brightness 300nits for superb outdoor stunning view of text, graphics and videos
- Never lose your way and go with direction with Integrated GPS¹¹

Specifications	
Platform	Intel® Centrino® Atom™ processor technology - Intel® Centrino® Atom™ processor Z530 (1.6GHz, 512 L2 Cache, 533Mhz) - Intel® System Controller Hub
Operating System	Genuine Windows Vista® Home Premium (or Genuine Windows Vista® Business)
Display	5.6-inch SuperFine WXGA TFT ¹⁰ , 1280 x 800 pixels, Passive Touch Panel
Memory	1 GB DDR2 533MHz
Hard Disk	60GB HDD/ 64GB SSD
Bluetooth®	v2.1 + EDR
Battery	Up to 3.5hrs ¹ on HDD/ Up to 4hrs ¹ on SSD (2-cell Li-Ion 2900mAh)
Weight	Approx. 0.61kg
Detailed Specifications	
Hard Disk Drive	60GB HDD: 1.8-inch PATA Ultra DMA 100 (4200rpm), 2 plates, S.M.A.R.T support, Two Partitions - 50/50 ²
Graphics	Intel® Graphics Media Accelerator 500
Audio	RealTek ALC269 HD audio codec with built in speaker and digital microphone
Communication	Bluetooth® v2.1, RealTek Fast Ethernet, Atheros® XSPAN™ 802.11n ³ with dual antenna, 1.3 Mega Pixel camera, GPS ¹¹
User Interface	Keyboard with Glide Point: 68-keys, 15mm key pitch, 1.3mm key stroke Glide Point with two buttons (left & right) Touch Screen Panel with Stylus Pen 4 LEDs Indicator (Power-LED, DC-In/ Charge-LED, Battery Status-LED, HDD Access-LED)
Card Slots	1 x Type I/II CF Card slot 1 x Secure Digital (SD) Card Reader
Connector Interface	USB 2.0 x 4, Audio-in, Audio-out, Power Adapter DC-in, VGA (external display) and RJ45 (LAN) via bundled LAN/ VGA adapter connector
Quick Launch Panel	Two programmable application buttons, two programmable up/down key buttons, one rotation button, one Ctrl+Alt+Del button and one FnKey button
Security ⁴	User and supervisor BIOS password, Boot Sector Write Prevention, Fingerprint Sensor, SMART HDD, Anti-theft Lock Slot
Dimensions	Approx 171mm (W) x 135mm (D) x 26.5 - 33.0mm (H)

Bundled Accessories	
AC Adapter	Input AC100-240V, Output DC16V, 2.5A (40W)
Bundled Softwares	Microsoft® Origami™ Experience 2.0 Pack (Runs on Genuine Windows Vista® Home Premium Operating System only), Acronis True Image, Softex OmniPass, ArcSoft Camera Capture, Adobe Acrobat Reader, Sun Microsystems Java Runtime, Fujitsu UpdateNavi®, Fujitsu Hardware Diagnostic Tool, Fujitsu Display Manager, Roxio Easy Media Creator, Microsoft Office Professional 2007 60-day Convertible Trial ⁶
Other Softwares	1 year Full Licensed Norman Virus Control
VGA/ LAN Adapter ⁷	External adaptor for connection to RJ45 (LAN), VGA (external display)
Carrying Case ⁷	Portable Slip Case
Optional Accessories	
Port Replicator	Connector Interface: USB 2.0 x 4, VGA (external display), RJ45 (LAN), Power Adapter DC-in Dimensions: 130 mm (W) x 110mm (D) x 159mm (H) Weight: 0.33kg
Extended Battery	Up to 7.5hrs ¹ on HDD/ Up to 8.5hrs ¹ on SSD (4-cell Li-Ion 5800mAh)

The above information shows the general technical specifications of the product and does not represent actual configuration. For specific configurations and their availability, please check with your local distributors.

Disclaimers:

1. Results obtained from BAPCo® MobileMark®2007(Productivity Workload) performed on systems with maximum battery life settings under laboratory testing environment. Actual battery life will vary based on screen brightness, sound volume settings, running applications, connected peripherals, power management settings, battery conditioning, and other customer preferences in the real life situation. Built-in bay device or hard drive usage may also have a significant impact on battery life. Note: Battery life is based on Intel® Centrino® Atom™ Processor Z530.
2. This refers to Windows Vista® hard disk drives C:\ and D:\. 50/50 refer to approximate 50% allocation of user accessible hard disk storage to C:\ and D:\ drives respectively. For Windows Vista® hard disk drives, 1GB will be reserved for internal recovery usage which is not shown.
3. XSPAN™ are trademarks of Atheros® Communications. Client with Atheros® XSPAN™ enabled chipset, delivers a maximum of 300 Mbps link speed, with performance subject to wireless access point capacity and network environment.
4. BIOS Lock needs a supervisor/user password to access BIOS setup. BIOS settings can be configured to prompt for password at every first bootup or all bootup sequences. Access to BIOS setup is needed to configure Hard Disk Lock. Hard Disk Lock requires an access key to retrieve data on the hard disk. This is a Data Confidentiality security feature. LifeBook Lock requires a supervisor/user password to bootup the LifeBook when it powers up or resumes last session from suspend/hibernate mode. Anti-theft Lock Slot allows the use of a lock to physically secure the LifeBook. Fingerprint sensor uses AuthenTec TruePrint™ Technology and Softex OmniPass to remember customer list of user IDs and passwords. Full security unlock sequence - LifeBook Lock, Bootup Lock (BIOS Lock), Hard Disk Lock, Fingerprint Windows Logon. NOTE: Loss of password requires the LifeBook to be returned to Japan factory for system refresh. Cost of shipment and lost data will be borne by the customer. Backup your user's profile before changing HDD. Without the user's profile associated with a document at the point of encryption, Softex OmniPass cannot decrypt the encrypted document.
5. UpdateNavi is a Fujitsu Proprietary application that updates LifeBook drivers by connecting automatically to Fujitsu's server. This will help update your LifeBook with the latest software drivers and utilities to ensure compatibility between hardware and software, maintaining smooth operation anytime, anywhere.
6. Microsoft Office Professional 2007 60-day Convertible Trial needs online activation to begin. 60-day starts from day of activation.
7. Please check actual bundling with country local distributor.
8. Microsoft® Origami™ Experience 2.0 is UMPC-specific software suites that runs on Genuine Windows Vista® Home Premium Operating System only.
9. Transmit on FM frequencies ranging from 89 to 98MHz within a distance of 2 to 3 meters from FM Radio with application running on Genuine Windows Vista® Home Premium Operating System.
10. It is natural for all thin-film transistor (TFT) liquid crystal displays (LCD) to show a small number of missing or discolored dots. These are commonly known as non-conforming pixels. This is a technology limitation of TFT LCD and does not represent a defect. Fujitsu warranty does not cover limitations in technology such as non-conforming pixels.
11. Integrated GPS in selected configurations and its availability varies in countries. Please check with your local distributors.

LifeBook U2010

The ultra-versatile, ultra-mobile PC

The new Fujitsu LifeBook U2010 is the ultimate 3-in-1 PC companion. Featuring full computing capabilities in an ultra-mobile unit that fits snugly in your palm, it will change the way you work, play and entertain. Users on the go will appreciate the robust processing power and efficient energy consumption of the U2010. With the built-in 1.3 Mega Pixel camera and the latest full-featured Intel® Centrino® Atom™ processor technology, it is the ideal digital multi-media solution. Experience unparalleled fun and maximum functionality anywhere.

Fujitsu recommends Windows Vista® Home Premium.

Hassle-free Travel

The LifeBook U2010 features an integrated GPS module. Finding a new destination has never been easier – simply follow the real-time directions on the map.

Power On The Go

The new Intel® Centrino® Atom™ processor Z530 drives the LifeBook U2010 with 1.6 GHz of processing power. With integrated GPS and an energy-efficient battery, you will also enjoy up to 3.5 hours of ultra-mobile computing and up to 7.5 hours with extended battery.

Music Anywhere

Now you can listen to your favourite tunes or downloaded talk shows anywhere with a built-in FM transmitter* that wirelessly plays music to your home hi-fi or car speakers. It even lets you share music with your friends.

*Transmit on FM frequencies ranging from 89 to 98MHz within a distance of 2 to 3 meters from FM Radio with application running on Genuine Windows Vista® Home Premium Operating System.

Stay Connected

Take digital photos and easily stay in touch with friends and colleagues with the built-in 1.3 Mega Pixel camera. The 5.6-inch Superfine WXGA display ensures exceptional clarity with 1280 x 800 pixels resolution. WiFi, LAN and Bluetooth® v2.1 comes as standard.

Microsoft® Origami™ Function

The LifeBook U2010 comes with Microsoft® Origami™ Experience 2.0, the software suite built on Windows Vista® Home Premium Operating System and is specially designed for Ultra-Mobile PCs. Microsoft® Origami™ Experience 2.0 includes exciting new programs – Origami™ Central, Origami™ Picture Password and Origami™ Now – that enhance the functionality of the U2010.

Your Ultimate 3-in-1 Companion

Hand-held device

The LifeBook U2010 is an ultra small, palm-sized hand-held device, great for use while on the go.

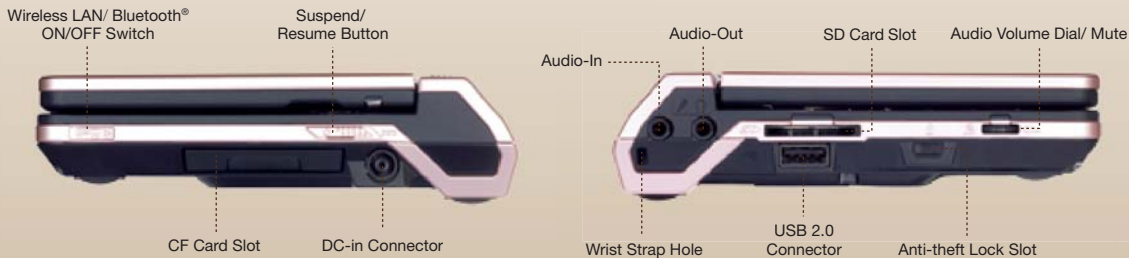

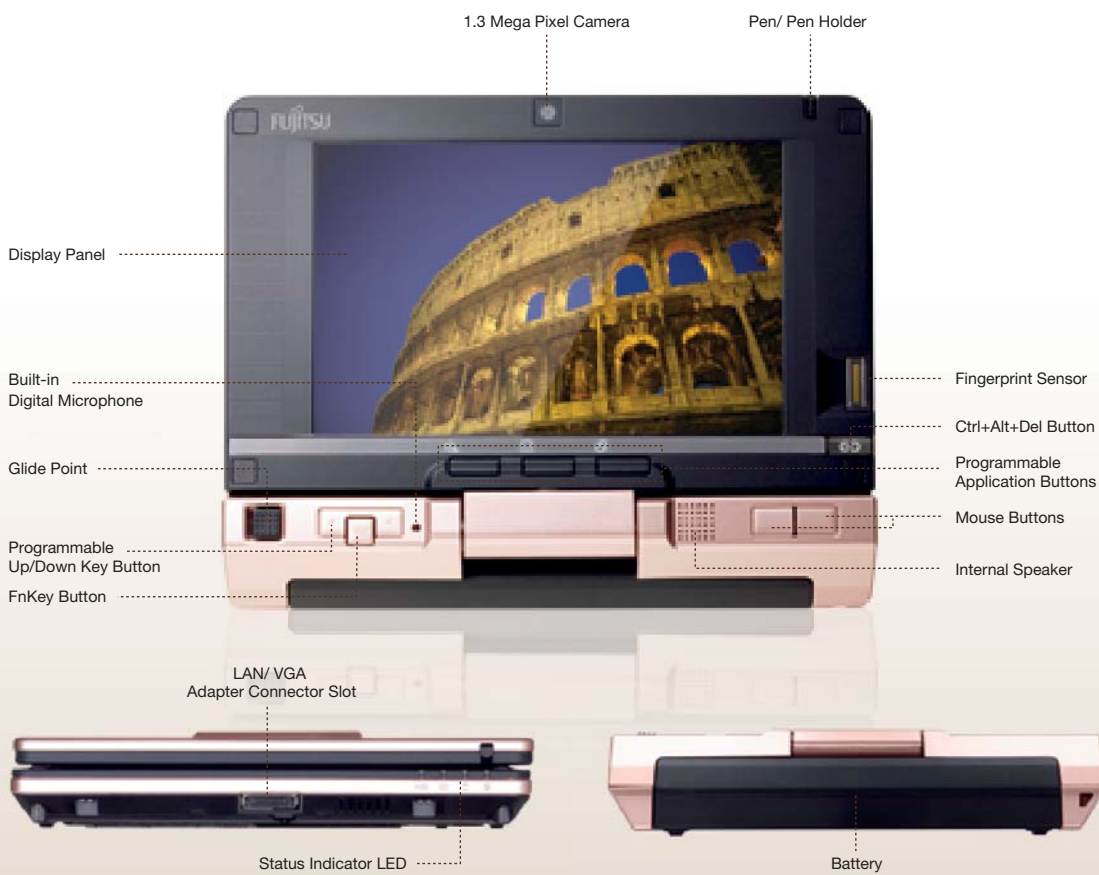

Tablet PC

It is also a Tablet PC with pen input for quick note taking without any need for paper.

Notebook

Enjoy the convenience and efficiency of the LifeBook U2010 as a notebook with Qwerty keyboard.

OPTIONAL ACCESSORIES

External Slimline USB Super Multi DVD Writer
The External Slimline USB Super Multi Writer is ideal for those of you who require to read and record data occasionally.

Battery
A second battery pack comes in handy when travelling for extended periods.

Port replicator
Unique wedge design provides easy, one-step connection and removal of your LifeBook. When connected, it links all your peripherals to your LifeBook.

AC Adapter
An additional adapter at home, office and in the briefcase makes travelling a lot simpler.

Optical USB Black Mouse (Retractable)
