Editorial Policy

Reporting According to Fujitsu Group Corporate Social Responsibility Policy.

The Fujitsu Group Sustainability Report 2012 (detailed version) reports in accordance with the five priority issues stipulated by the Fujitsu Group Corporate Social Responsibility (CSR) Policy, and includes typical examples of specific content relating to those issues.

Reporting System

Details concerning Fujitsu Group initiatives are reported in the formats described below.

Our basic editorial policy is to consider issues from two viewpoints: the importance to society and stakeholders and the importance to the Fujitsu Group. In particular, we consider directions for this report based on opinions we receive from third parties, general readers, and stakeholders. We also continue to report on items featured in previous reports that each department considers to be of prime importance to the Group.

Furthermore, we consider GRI guideline compliance and the comprehensiveness of the report from the standpoint of the ISO 26000 social responsibility standard.
Reporting Period

This report focuses on activities in FY 2011, from April 1, 2011 to March 31, 2012, and the data presented is actual performance data from that period. Content from times outside that period, however, is also presented.

Target Readership

This report is written assuming the following readership: all Fujitsu stakeholders including customers, employees, stockholders and investors, suppliers and business partners, international society and local communities, public institutions, and governments and specialists such as CSR survey institutions.

Organizations Covered

While the whole of the Fujitsu Group is covered in this report, when it is necessary to indicate the range of applicability, we will specify Fujitsu Group (to indicate the Group as a whole) or Fujitsu (to indicate Fujitsu, Ltd. as an independent entity).

Note that for environmental reporting, the coverage is of Fujitsu itself plus a total of 129 companies (including companies outside Japan) centering on consolidated subsidiaries that build environmental management systems. Also, environmental burden data reporting covers Fujitsu itself, Fujitsu Laboratories, Ltd. (17 locations), and 27 main manufacturing subsidiaries (of which 24 are in Japan and three are overseas). Environmental accounting data covers Fujitsu itself and 30 main subsidiaries (of which 26 are in Japan and four are overseas).
