FUJITSU

The Desktop Evolution

ESPRIMO Series

Business-centric desktops
for the way you work

Business-centric innovation from Fujitsu

Fujitsu ESPRIMO desktops are designed to keep you efficient and productive in a dynamic business world. To save on power bills, they combine energy-efficient power supply units with a special Low Power Active mode: this keeps the PC constantly available – ready for instant communication – at minimal energy consumption.

With 10th Gen Intel® Core™ processors, performance is equally impressive, and the ESPRIMO comes with a choice of feature sets and form factors from mini PC to microtower and all-in-one “plug & work” devices.

ESPRIMO for your business scenario

Mix and match the form factor with the performance you need, and the business you're in: ESPRIMO PCs, powered by 10th Gen Intel® Core™ processors, make it possible. No matter where you work – an open plan office or a room of your own – your desktop PC stays super silent for minimum distraction.

Mini PC

- Silent & energy efficient
- Smallest, flexible PC
- Perfect for desk or screen-mount
- Keeps desk uncluttered
- Integrated power supply and DVD option (Q Series)
- Ideal for small, modern workplaces

Small Form Factor

- For compact workspaces
- Powerful & expandable
- Highly upgradeable – from entry-level up
- Tool-less serviceability
- Ideal for public & private sector, office & retail

Microtower

- Classic form, latest technology
- Highly efficient power choices, zero noise
- Ideal for performance-hungry apps, entry-level VR
- Individually configurable
- Excellent security features
- Designed for public & private-sector organizations of all sizes

Tidy desk, connected workplace

With the mini PC and mini power pack, you gain a tidy desk and save space without compromising on computing power or security. Mounted discreetly on the display stand, the ESPRIMO eliminates cable clutter.

Mini PC powered from the display via Type-C™ option

Mini PC with Universal Monitor Stand

Mini PC with PalmSecure™ authentication

Meeting room collaboration can help making organizations more productive and responsive, this is the key to digital transformation driving business success. Fujitsu Collaboration Board powered by ESPRIMO G5010 with 10th Gen Intel® Core™ processors, is an all-in-one solution designed to make meetings more simple and efficient than ever. Intuitive interface lets you One-Touch access to your Windows apps, view room calendars and start schedule calls and meetings saving precious time.

Smart form factors

With a choice of form factors, ESPRIMO desktops are designed to streamline your workplace and boost user experience.
