# Work with Confidence Anywhere

LIFEBOOK U9 Series

Intel® Core™ i7 vPro® Processor

# For people who travel light

Are you looking for a slim, breathtaking notebook for your frequent business trips? Available in red and black, the ultra-mobile Fujitsu LIFEBOOK U9 Series is the ideal choice for business professionals who need an extraordinary lightweight notebook that stand out from the crowd.

Light as 795 g

Ultra-slim and lightweight design with a robust magnesium-alloy housing

Secured-core PCs Certified

Microsoft certified Secured-core PC offers high security out-of-the box<sup>1</sup> with integrated hardware, firmware, software and identity protection by Fujitsu PalmSecure™ technology

Securing with Fujitsu AuthConductor™ Client, saves users' time and aggravation in managing separate usernames and passwords for Windows and applications

Modern Standby ready brings an instant-on/off user experience just like smartphone giving faster boot-up time and less power consumption

## LIFEBOOK U9310 Your light and elegant travel companion

## LIFEBOOK U9 series Giving you the freedom you deserve

### Premium Mobility

Extraordinarily lightweight design for business professionals who are always on the move

- Lightest notebook in Fujitsu range: starting at 795g
- The best viewing experience is guaranteed by a 13.3" FHD display with optional pen support<sup>2</sup> and anti-glare touch

### Excellent Connectivity

Be flexible and stay productive in a hyper-connected world

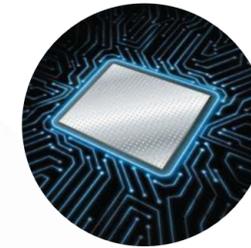

- Full set of interfaces with full-sized HDMI, full-sized LAN connector and Thunderbolt™ 3 ports
- Gigabit speed Wi-Fi 6 and Bluetooth® 5.0, optional 4G/LTE

### Maximum Protection

Protect your notebook and business data from unauthorized access at all times

- Microsoft Secured-core PC compliant
- Optional Fujitsu PalmSecure™ palm vein sensor or Fingerprint sensor, Smartcard reader, TPM 2.0, Kensington Lock support
- Full HD Infrared Camera supports face recognition in Windows Hello

### Perform to the Max

Engineered for mobile performance certified by Intel®

- Rapid responsiveness on the go
- Instant resume from sleep mode
- Worry-free battery life up to 12 hrs 50 mins, charge up to 80% in just 60 minutes

### Stand Out from the Crowd

With the LIFEBOOK U9 in dazzling red, you're guaranteed to stand out in style

- Eye-catching design to fit blazing-hot performance
- Choice of dazzling red or traditional black
- Tough as nails with robust magnesium alloy housing

## Accessories

Fujitsu USB Type-C™ / Thunderbolt™ 3 Port Replicator

Fujitsu Display P27-9 TS QHD (with USB Type-C™)

Adapt SpaceArm Dual Arm

Fujitsu AES Pen (LIFEBOOK U9310X only)

Intel® Core™ i7 vPro® Processor

# LIFEBOOK U9310X

## Fujitsu's lightest convertible with a pen

### Rear Camera

Take pictures in tablet mode directly from the back, avoid leaking confidential information and images during data transfer

### Quick Note Taking Button

Using shortcut button to activate Windows Ink Workspace in real time, activate SketchPad or StickyNote even when PC is locked

### Rubber Edges

No more sliding when standing in movie mode, also as a protective measure to absorb accidental shock

### Infrared Camera

Full HD Camera with Windows Hello support

### WACOM Technology

FHD touch display with AES pen to deliver ultimate precision and control

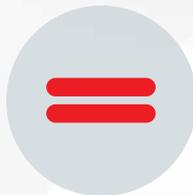

### Durable Housing

Magnesium lithium alloy back cover, robust, durable and reduce weight to light as 894 g

Dimension (W x D x H)	309 x 212 x 15.5 mm	309 x 214.8 x 16.9 mm
Weight (Weight may vary depending on actual configuration)	2-cell <sup>8</sup> : starting at 795 g; 4-cell: starting at 916 g	2-cell <sup>8</sup> : starting at 894 g; 4-cell: starting at 1015 g

#### Specification Disclaimers

1. Secured-core PCs require specific configuration to fully enable the highest level of protection against attack. 2. AES pen is available at LIFEBOOK U9310X only. 3. GB = 1 billion bytes. TB = 1 trillion bytes, when referring to hard disk drive capacity. Accessible capacity may vary, also depending on used software. Up to 20 GB of HDD space is reserved for system recovery. 4. Shared memory depending on main memory size and operating system. 5. WWAN module is optional and requires separately purchased service contract. Check with service provider for coverage and availability in your area. Connection speeds will vary due to location, environment, network conditions, and other factors. Also, the availability of WWAN module subjects to countries. 6. Interfaces depend on the configuration selected. 7. Battery runtime information is based on worldwide acknowledged BAPCo® MobileMark® 2018 (office productivity). Refer to [www.bapco.com](http://www.bapco.com) for additional details. The BAPCo® MobileMark® Benchmark provides results that enable direct product comparisons between manufacturers. It does not guarantee any specific battery runtime which actually can be lower and may vary depending on product model, configuration, application and power management settings. The battery capacity decreases slightly with every re-charge and over its lifetime. 8. The availability of 2-cell model subjects to countries.
