Contents ANNUAL REPORT 2009
How the Fujitsu Group’s services and products connect with society, and an overview of the Group’s financial highlights.

“Fujitsu is dedicated to being a trusted and valued partner to its customers by continuing to develop services and products from a customer-centric perspective and delivering them globally.”

“Moving on from the traditional Japan-centric business mindset, we will pursue true globalization through concrete application of the “Think Global, Act Local” concept.”

An introduction to the Fujitsu Way, the Group’s core philosophy, as well as its social and environmental initiatives and management structure

A report on the Fujitsu Group’s financial position for the fiscal year under review

Forward-looking Statements
* The annual report may contain forward-looking statements that are based on management’s current views and assumptions and involve known and unknown risks and uncertainties that could cause actual results, performance or events to differ materially from those expressed or implied in such statements. Actual results may differ materially from those projected or implied in the forward-looking statements due to, without limitation, the following factors: general economic and market conditions in key markets (particularly in Japan, North America, Europe and Asia, including China); rapid changes in the high-technology market (particularly semiconductors, PCs, etc.); fluctuations in exchange rates or interest rates; fluctuations in capital markets; intensifying price competition; changes in market positioning due to competition in R&D; changes in the environment for the procurement of parts and components; changes in competitive relationships relating to collaborations, alliances and technical provisions; potential emergence of unprofitable projects; and, changes in accounting policies.
