### 2. Software Products

#### (1) ServerStart

Now you cannot install "Windows Server™ 2003 R2" on the models which have already been released with "ServerStart", and we don't have a plan to adjust "ServerStart" to "Windows Server™ 2003 R2".

So when you install "Windows Server™ 2003 R2" on the models which have already been released, please do it manually without "ServerStart".

In case of the new models which will be released in the future, we will provide "ServerStart" which can install "Windows Server™ 2003 R2" with them.

#### (2) ServerView

"ServerView" attached as standard don't work on "Windows Server™ 2003 R2". We provide "ServerView" which work on "Windows Server™ 2003 R2" on this website.
