Editorial Policy

With a focus on future plans, the Fujitsu Group Environmental Report 2014 offers a report on our recognition of environmental initiatives, our approach to initiatives, and our performance and major activities in FY 2013, in line with the Fujitsu Group Environmental Action Plan (Stage VII, FY 2013 – FY2015) that was formulated on the basis of expectations and requests from society and of important environmental aspects of the Fujitsu Group. Fujitsu Group strives to improve the reliability and transparency of the content of reports, through means including subjecting major data to examination by third-party organizations and publishing third-part opinions concerning indicators. In addition, we have taken ease of reading on PCs and tablets into account through a horizontally oriented page layout.

Reporting System

To meet the needs of readers, the Fujitsu Group releases detailed reports with care given to comprehensiveness of information, as well as reports that concisely summarize key points. We also keep our website updated with new information.

Reporting Period

This report focuses on activities in FY 2013, from April 1, 2013 to March 31, 2014, and the data presented is actual performance data from that period. Content from times outside that period, however, is also presented.

Target Readership

This report is written assuming the following readership: All Fujitsu stakeholders, with high interest in environmental topics, including customers, employees, stockholders and investors, suppliers and business partners, international society and local communities, public institutions, and governments and specialists such as CSR survey institutions.

Organizations Covered

The coverage is of Fujitsu itself plus a total of 114 companies (including companies outside Japan) centering on consolidated subsidiaries that have built environmental management systems.
