## Editorial Policy

The Fujitsu Group Environmental Report 2017 offers a report on our recognition of environmental initiatives, our approach to initiatives, and our performance and major activities in FY 2016, in line with the Fujitsu Group Environmental Action Plan (Stage VIII, FY 2016 – FY2018) that was formulated on the basis of expectations and requests from society and of important environmental aspects of the Fujitsu Group. The report also explains the “FUJITSU Climate and Energy Vision,” Fujitsu’s medium/long-term environmental vision that was announced in May 2017. Fujitsu Group strives to improve the reliability and transparency of the content of reports, through means including subjecting major data to examination by third-party organizations and publishing third-party opinions concerning indicators. In addition, we have taken ease of reading on PCs and tablets into account through a horizontally oriented page layout.

### ■ Reporting Period

This report focuses on activities in FY 2016, from April 1, 2016 to March 31, 2017, and the data presented is actual performance data from that period. Content from times outside that period, however, is also presented.

### ■ Target Readership

This report is written assuming the following readership: All Fujitsu stakeholders, with high interest in environmental topics, including customers, employees, stockholders and investors, suppliers and business partners, international society and local communities, public institutions, and governments and specialists such as CSR survey institutions.

### ■ Organizations Covered

The coverage is of Fujitsu itself plus a total of 117 companies (including companies outside Japan) centering on consolidated subsidiaries that have built environmental management systems.
