

Sustainability Information Disclosure Framework

Our Sustainability Website and Data Book

Fujitsu established a sustainability website in FY 2019 in order to disclose non-financial information from the “Fujitsu Group Integrated Report” in more detail. Through this website, we are able to update our sustainability information in a more timely manner.

We will also begin release of our “Sustainability Data Book,” a PDF that contains the information on our website, every October, in order to leave a record of the information that has been disclosed.
