

# Editorial Policy

The 2007 Fujitsu Group Sustainability Report describes the thinking, efforts, and accomplishments regarding the social and environmental aspects of Fujitsu Group operations based on *The FUJITSU Way*, the core set of principles guiding the conduct of the Fujitsu Group.

- **This report is produced in printed format and published on our website.**
- This report presents, our basic thinking with respect to the various stakeholders in the Fujitsu Group and the global environment, along with the efforts we are focusing on and the specific content and results of those activities.
- We also make every effort to provide more detailed information and to present the activities of the Fujitsu Group as extensively as possible on our website.

## ● A Means of Communication with our Stakeholders

We see this report as a means of communicating with the many stakeholders in the Fujitsu Group. We hope that you will take the time to provide feedback on this report, either with the separate questionnaire or via our website.

## ● Legibility Considerations

- We have reviewed this report using our ColorSelector tool to choose a highly accessible color combination so that the text and figures will be as legible as possible to the widest range of readers.

 See the following Web page for details on ColorSelector.

## ● Consideration for the Environment

- This report has been printed using waterless printing, which reduces the amount of harmful materials used and emitted.
- It is printed on FSC Certified Paper as designated by the Forest Stewardship Council in order to help preserve forestry resources.
- It uses vegetable oil inks that do not include volatile organic compounds.

## Time Frame

This report primarily focuses on the thinking, efforts, and accomplishments of the Fujitsu Group for fiscal 2006, the period from April 1, 2006 to March 31, 2007, with the data reflecting the actual results for that period.

The report also includes the Fujitsu Group's thinking, efforts, and activity data prior to April 1, 2006 and also for the period between April 1, 2007 and early May 2007.

## Organizations Covered

In principle, this report covers the entire Fujitsu Group, while the environment-related sections cover a total of 132 consolidated subsidiaries (domestic and overseas subsidiaries) that have formed environmental management systems in conjunction with Fujitsu Limited. The section on environmental impact data covers Fujitsu Limited (21 business locations) and 27 of its major manufacturing subsidiaries (19 domestic and 8 overseas).

Please note that this report generally uses the term "Fujitsu Group", or "the Group" to indicate the entire Fujitsu Group (although in some instances this does not include overseas Group companies), and the term "Fujitsu" to indicate Fujitsu Limited on an unconsolidated basis.

## A Note Concerning Forward-looking Statements, Projections, and Plans

This report not only describes past and present facts related to Fujitsu Limited and its related subsidiaries (the Fujitsu Group), but also includes forward-looking statements, projections, and plans. Such forward-looking statements, projections, and plans are based on data available when the report was prepared, and therefore involve a degree of uncertainty. Accordingly, future results of operating activities and other new developments may differ from the statements, projections, and plans included in this report. We ask our readers' understanding of the fact that the Fujitsu Group cannot be responsible for such eventualities.
