

Why choose FUJITSU Desktops ESPRIMO P?

Powerful
performance

Penny-pinching
on energy
consumption

Perfectionist
on security

Stays
totally quiet

Make it perfect

Whatever job you have in mind for the ESPRIMO P, you can create a custom environment for your workspace with Fujitsu. Add a display – flat or curved, whatever size is right. Pick your perfect keyboard and mouse. Make your ESPRIMO P your own – with workplace accessories designed for perfect interaction.

Curved

Fujitsu Display B34-UE: a high-res ultrawide curved display for wraparound viewing

Ultra HD

Fujitsu Display P27-8 TS: Ultra HD resolution, ultrawide viewing angle, ultraslim bezel – ideal for multi-monitor workspaces

The **Wireless Keyboard Set LX410** is an excellent desktop solution for users with plug and play technology. The elegant mouse with new silent keys works on many surfaces due to its precise 1600 dpi sensor.

FUJITSU Desktop
ESPRIMO P7

FUJITSU Desktop
ESPRIMO P9

With four ESPRIMO P models available, you can match performance and connectivity to what's happening in your business. The entry-level ESPRIMO P5 is already a great performer that's equally at home in small, mid-sized and large organizations. It provides all the strong features that make ESPRIMO P such a compelling choice for business users, such as:

- Advanced hardware functions:
- 3x digital graphics outputs
- 4x memory slots
- Additional USB ports
- USB Type-C

A good choice if you run vertical applications and need more connectivity and deep customizing. It provides high expandability and solid performance for your business.

Additional functions compared to P5:

- Advanced hardware functions:
- 3x digital graphics outputs
- 4x memory slots
- Additional USB ports
- USB Type-C

The premium choice for no-holds-barred performance – great if you need 24/7 operation and want to perform remote maintenance & admin. This is the desktop for professional computing and advanced manageability.

Additional functions compared to P7:

- Premium hardware functions:
- 4 PCIe slots
- Additional ports with USB3.1 Gen2 speed
- Manageability functions based on iAMT and vPro (requires dedicated CPU)
- RAID support

FUJITSU Desktop
ESPRIMO P9 Power

If you want to supercharge your desktop PC performance, the ESPRIMO P Power is exactly the way to do it. The ESPRIMO P Power is also superb for entry-level VR work (such as visualizations in the retail sector).

- Can be equipped with powerful –K CPU
- Powerful Gfx card up to NVIDIA RTX 2080
- Perfect for organizations with advanced hardware needs
