

2009 Fujitsu Group Sustainability Report Questionnaire Results

(As of June, 2010)

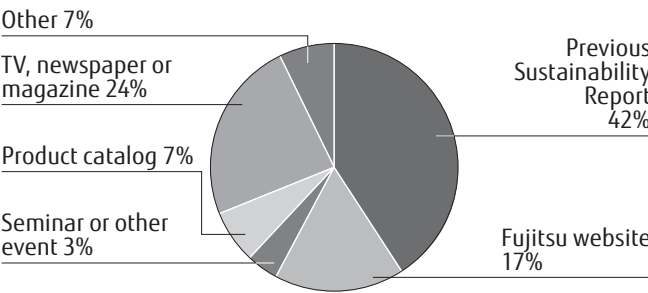

Thank you very much for your cooperation in responding to the 2009 Fujitsu Group Sustainability Report questionnaire. The tabulated results for the questionnaire are as follows. We will continue to use your valuable opinions, to help improve our activities and create even better reports.

Questionnaire tabulation results Respondents = 30

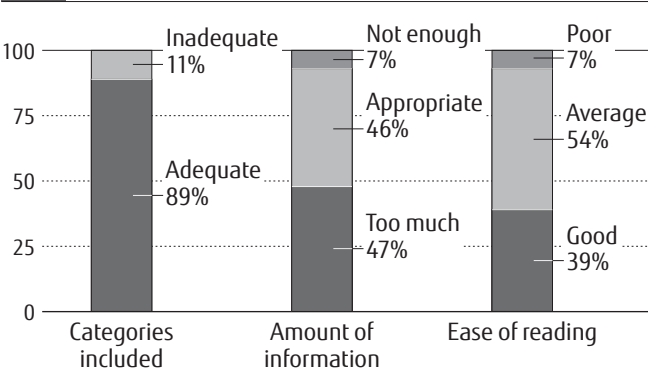

Q1 Did you know anything about Fujitsu's sustainability activities before reading the report?

Q2 (For those who answered "Yes" or "A little" to Q1) How did you come to know about them?

Q3 What is your impression of this report?

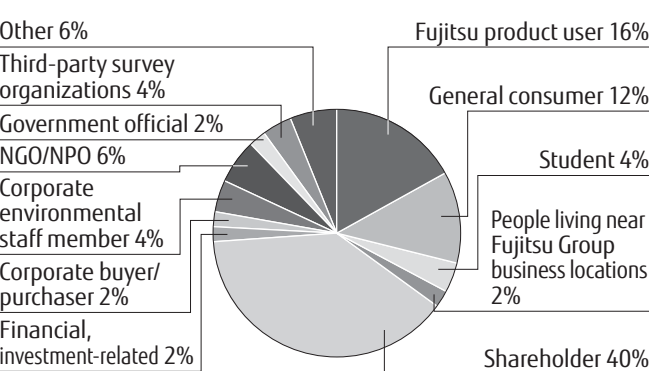

Main comments and opinions for Fujitsu

- I want IT to be more actively used to help deal with the problem of an aging society. I also want you to provide business partners with CSR solutions. (General consumer)
- I would have liked more specific details about the Eco-Friendly Data Centers described in the Green IT example. (Employee)
- In addition to dialog with commentators through third party opinion statements, we would like you to carry out a stakeholder survey and publish the results. (NGO/NPO)

Q5 From what perspective did you read this report?

Q6 How did you learn about the existence of this report?

- I would like you to be a company that fosters (educates) its employees. Employees are a company's most precious asset. (A shareholder)
- The statistics for completed questionnaires were low. Web information was sketchy, and the Fax was time consuming.
- It is great that you provide children, who will form the next generation, with educational environmental activities. I would like you to give many more of these lessons.
