

MQM2013 K computer Day

RIKEN AICS, Advanced Institute for Computational Science, and Fujitsu would like to invite you to the "K computer Day", for an introduction to one of the world's most powerful supercomputers.

K computer

Computer simulations
create the future

Program :

- 12:30 ~ 12:35
K computer day introduction by Tetsuo Karaki, RIKEN AICS
- 12:35 ~ 13:05
Introduction to the K computer by Fumiyoshi Shoji,
RIKEN AICS
- 13:05 ~ 13:35
Getting the best performance from massively parallel
computer by Takashi Aoki, Fujitsu

Date :

June 6 (Thu)

12:30 - 13:35

Venue : Sala B

* A brown-bag lunch will be offered to the participants.

* Limited capability, up to 140 seats. If you are interested in, please come to the room Sala B.
