

Column 1

Hello! We are Fujitsu

We would like to provide you with a brief introduction to the Fujitsu Group. Fujitsu was established in June 1935 as a telecommunications manufacturer in Kawasaki City, Japan. Over the past 78 years, Fujitsu has developed into an extensive ICT services provider, manufacturing and selling telecommunications systems, information management systems and electronic devices to our customers in over 100 countries around the world. Fujitsu is currently Japan's No.1 and the world's fourth-largest IT services provider. With over 170,000 employees worldwide, we are continuing to develop as a truly global company representing Japan.

Our brand promise, "shaping tomorrow with you", articulates the intrinsic importance Fujitsu places on driving business together with customers for a better society through the power of ICT. The Fujitsu Group endeavors to "shape tomorrow" with customers in various industries and aims to contribute to a sustainable society.

The Fujitsu Group is also focused on accelerating the development of Green Products, and is working to reduce environmental burdens throughout the life cycle of a product.

* Green products are compliant with Fujitsu's Green Product Evaluation Standards.
