

Data Sheet

Fujitsu Charging Cart 32 Bays CS200

Organize, charge and manage

The Fujitsu Charging Cart series is the ideal solution for charging, storing and managing laptops, tablets, and other mobile devices. They are essential for modern classrooms and offices.

Elegant Small Foot-Print Design

- The combination of steel and plastic materials, creates a compact yet durable light weight structure for storing your valuable devices.

Easy Maneuver

- The 5" wheels with brakes make the cart easily maneuverable, the built-in cable management features, also help eliminate the hassles of dangling cables.

Intelligent Charging

- The cart only consumes one standard power outlet, the intelligent charging controller optimizes power delivered to each device, maintaining the best balance between charging time and electrical safety.

Cable Management

- The AC adaptor storage provided can fit for adaptors for common device models. Devices are also easily assessable through the sliding shelves.

Secured Storage

- Protect your devices against theft with a 3-point steel locking mechanism. Pad locks can be installed for the front and posterior doors.
