**ServerView Infrastructure Manager V2.0**  
**Supported Devices and Web Browsers**

September 30<sup>th</sup>, 2016

FUJITSU LIMITED

The GUI of ServerView Infrastructure Manager V2.0 underwent operational checks with a combination of the following devices and Web browsers.

For abbreviations used within this document and details of Node Manager, see the manuals below.

- FUJITSU Software ServerView Infrastructure Manager V2.0 User's Manual
- FUJITSU Software ServerView Infrastructure Manager V2.0 Glossary

Support matrix for devices and Web browsers

		Device			
		Personal Computer and Server	Windows 10 Tablet	Android Tablet	iPad
Web Browser	Microsoft Internet Explorer	✓ *3	✓ *1 *3	-	-
	Microsoft Edge	✓	✓ *1	-	-
	Mozilla Firefox	✓	✓ *1	-	-
	Google Chrome	✓	✓	✓	-
	Safari	-	-	-	✓ *2

✓: Supported

- : Out of the scope of support

- \*1. On the "3D View" screen, rotating, panning and zooming images, and reducing image size by touch manipulation is disabled.
- \*2. Storing files is disabled due to restrictions of the device. For this reason, use of the CSV export of monitoring data, downloading of node and archived logs, and export of profiles is unavailable.
- \*3. If a Pop-up Blocker is enabled, GUI Help will not be displayed. Go to [Internet Options] > [Privacy] > [Turn-on Pop-up Blocker] > [Settings] >, and add the URL when displaying GUI Help to [Address of Website to allow], if GUI Help is not

displayed.

Versions of supported Web browser

Web browser	Version
Microsoft Internet Explorer	11
Microsoft Edge	25
Mozilla Firefox	38
Google Chrome	43
Safari	8

For versions other than the above mentioned, the information will be released upon completion of the operational check.
