

Fujitsu Frontech Group Environmental Policy

Philosophy

We, Fujitsu Frontech Group, follow Fujitsu Group Environmental Policy and define “eco-friendly business activity” as our basic philosophy. We also promote our efforts for the earth environmental protection, recognizing it as one of the most important business issues.

By utilizing our own technology and creativity as an ICT company, we contribute to the sustainable development of society. In addition, we not only comply with the environmental laws, regulations and standards applicable to our business activities, but also make efforts for the earth environmental protection activities by ourselves. Moreover, we continuously pursue our advanced efforts by all groups and employees, in order to save a rich nature for future generations.

Principles

- (1) We reduce the environmental burden at every stage through the life-cycle of our products and services.
- (2) Through our ICT products and solutions, we help our customers and society to reduce their environmental burden and to enhance their environmental efficiency.
- (3) We create our top-runner products reinforcing the energy efficiency, resource saving and 3Rs (reduce, reuse and recycle).
- (4) We always recognize the impact on the environment by our activities, products and services, and comply with the applicable environmental laws, regulations, other requirements and our internal guidelines and so on, in order to fulfill our CSR (Corporate Social Responsibility).
- (5) Based on the results of the environmental impact assessments related to our activities, products and services, we implement pollution prevention and continuous improvement.
- (6) We set up and review our environmental objectives and targets on “Our Society” and “Our Business”, and each of us make efforts for the earth environmental protection [including measures against climate change and protection of biodiversity](#) with participation of all employees.
