

Status of Response to TCFD

We strive to disclose for all stakeholders, based on the Framework of "The Task Force on Climate-Related Financial Disclosures (TCFD)", with the assessment and management of the risks.

Information Disclosure Based on TCFD's Framework

Themes of TCFD Recommendation	Status of our Response	Relevant Information
Governance The organization's governance around climate-related risks and opportunities	 Review climate-related risks and opportunities and countermeasures at Environmental Business Committee (chairman: President and Representative Director), which is organized with the approval of our "Business Committee". Make plans for climate-related countermeasures and practice them at Expertise Committee of each site, etc. Discuss the action plan to achieve Medium/Long-term Environmental Vision "FUJITSU Climate and Energy Vision", with Fujitsu Limited at Environment WG. 	 > Basic Policy of Corporate Governance > Fujitsu Frontech Way > Environmental Activity Promotion Standard > Environmental Policy > Environmental Action Plan > FUJITSU Climate and Energy Vision
Strategy The actual and potential impacts of climate-related risks and opportunities on the organization's businesses, strategy, and financial planning	 Take part in CO₂ zero emission plan of "FUJITSU Climate and Energy Vision", which was established based on 2°C scenario that, the Initiative (SBT: Science Based Target) setting science-based greenhouse gas reduction targets, recommends. Contribute to low-carbon society, by developing and delivering "Green Products" and "SDGs Contribution Solutions", whose energy efficiency is excellent. Let "low-carbon business" come true, with the introduction of fuel cell power generators and renewable energy. 	> Environmental Policy > Environmental Action Plan > FUJITSU Climate and Energy Vision > In-house energy saving investment plan
Risk Management The processes used by the organization to identify, assess, and manage climate-related risks	 Assess climate-related risks across the company. Review medium- and long-term risks related to climate change identified through EMS at Environmental Business Committee etc., so as to draw up plans of sustainable development of our business. Respond to climate-related risks in the whole Fujitsu Group, cooperating with Fujitsu Limited. 	 > Basic Policy of Corporate Governance > Fujitsu Frontech Way > Environmental Activity Promotion Standard > Environmental Policy > Environmental Action Plan > FUJITSU Climate and Energy Vision
Metrics and Targets The metrics and targets used to assess and manage relevant climate-related risks and opportunities	 Establish the environmental target and objective of "Climate", as one of the items in "Fujitsu Frontech Group Environmental Action Plan". Take part in "FUJITSU Climate and Energy Vision" aiming for "the goal of bringing the Fujitsu Group's CO₂ emissions to zero by 2050, as well as contributing to the achievement of a decarbonized society and the adaptation to climate change". 	> Environmental Policy > Environmental Action Plan > FUJITSU Climate and Energy Vision > Environmental Report > Sustainability Website

[About TCFD]

TCFD stands for "The Task Force on Climate-Related Financial Disclosures", which was established by Financial Stability Board (FSB) at the request of G20 with the objective to reduce the risk of instability in the financial market due to climate change. It recommends companies to disclose information on 4 themes relevant to climate-related risks and opportunities, which consist of "Governance", "Strategy", "Risk Management" and "Metrics and Targets".

[Response to TCFD in Fujitsu Group]

The Fujitsu Group announced its support for the TCFD recommendations in April 2019 and strives to disclose information in line with the recommendations, including the response to CDP (Carbon Disclosure Project).
