The FUJITSU F510 is backed by Fujitsu's team of experienced, dedicated professionals who are committed to bringing you the devices you need to create solutions that will help your customers succeed. Tell us about your unique OEM requirements and make Fujitsu a part of your team.

■ The Best of Everything

At seven notes per second, the FUJITSU F510 is one of the fastest cash dispensers in the industry. The unit is expandable up to 5 cassettes that can hold up to 3,000 notes each. With a total capacity of 15,000 notes, it is perfect for high-activity installations.

Despite its advanced features, the FUJITSU F510 has been designed to drive down your total cost of ownership. The unit features advanced onboard and remote diagnostics to help detect problems before they occur. And its integrated reject bin reduces maintenance needs. The FUJITSU F510 can be installed in both front and rear service configurations, enabling you to purchase the same model dispenser for multiple applications, which reduces support costs, lowers spare inventory, and minimizes maintenance logistics.
