TeamPoS3000XL

Versatile, reliable and environmentally friendly

shaping tomorrow with you

CF6665 -2M

TeamPoS3000XL boasts an innovative design and enhanced functions, to keep checkout encounters flowing smoothly and efficiently.

LOW PROFILE AND ACCESSIBLE CONTROLS

The reduced height of TeamPoS3000XL provides more natural interaction between the cashier and customers at the check-out lane. The closer distance between keyboard and operator display enables easier operation for the cashier.

INSTALLATION FLEXIBILITY

Modular monolithic architecture enables greater flexibility in configuring peripherals, permitting stacked or dispersed installation, and accommodates the widest possible variety of store operations. A black model is also available.

LONG-TERM & HIGH PERFORMANCE

Powerful architecture incorporates the Intel® Celeron® M processor, as well as a stable platform based on Intel's roadmap for long-term support.

UNMATCHED SERVICEABILITY

To simplify maintenance and upgrades, the internal HDD and motherboard can be easily accessed through the unit's front while leaving peripherals and cables in place. To safeguard data, ECC memory is provided as standard and an onboard chip supports RAID functions with an additional HDD.

NEATER APPEARANCE

Concealed wiring connections and air vents afford customers with a clean and well organized appearance. More presentable surroundings will further enhance the unit's elegant design.

AN ENVIRONMENTALLY FRIENDLY PRODUCT

The TeamPoS3000XL design policy is to reduce the environmental impact at all stage of product's lifecycles. This includes not only use of recyclable plastic components and other environmentally friendly materials, but also through designs that consume less power and reduce levels of noise.

LCD monitor
Two TFT color LCD monitor sizes, 12.1" and 15", are available with high resolution touch screens.

Printer
The high-speed (220mm/sec) thermal printer provides vivid printout in a variety of languages.

Side keyboard
Integrates with the LCD monitor and MSR to permit smooth and efficient operation.

Cash drawer
