About Fujitsu Semiconductor

Fujitsu Semiconductor Limited designs and manufactures semiconductors, providing highly reliable, optimal solutions and support to meet the varying needs of its customers. Products and services include ASICs/COT, ASSPs, and Ferroelectric RAM (FRAM), with wide-ranging expertise focusing on imaging, wireless, automotive and security applications. We also drive power efficiency and environmental initiatives.

Headquartered in Yokohama, we established as a subsidiary of Fujitsu Limited on March 21, 2008. Through its global sales and development network, with sites in Japan and throughout Asia, Europe, and the Americas, we offer semiconductor solutions to the global marketplace.
