Recommended Accessories

USB 3.0 Port Replicator

Flexibility, expandability, desktop replacement and investment protection are just a few benefits of Fujitsu docking options. It takes just a second to attach your notebook to the Port Replicator and get connected to your external display, keyboard and mouse. Your workplace is simple and tidy while you are instantly ready to work with your notebook.

AC Adapter LIFEBOOK

Power your notebook at work, at home or on the road with a second power source. You can easily recharge your notebook everywhere. Depending on your notebook you can choose from various AC Adapters ranging from a stick type adapter to standard adapters, or even the innovative ECO AC Adapter.

Privacy Filter

Privacy filters help block the screen view from anyone viewing the computer from a side view. 3M's unique micro louver privacy technology allows person directly in front of the computer to see on-screen data clearly.

Fujitsu Prestige Backpack

The FUJITSU Prestige Backpack 17 protects notebooks with up to 17-inch displays. It contains three large compartments, two elastic mesh side pockets and a front bay. The padded back compartment provides protection for your notebook, while other sections store power adaptors and office supplies. Padded shoulder straps and back cushions provide comfort on the move.

Fujitsu Display P24T-7 LED

For demanding pixel and performance-hungry professionals, the FUJITSU P24T-7 LED Display is the perfect choice. The display provides exceptional picture and color performance. It also boasts unique and innovative features such as USB support even in standby, the patent-applied Presence Sensor to detect the screen during absence and a call indicator to signal incoming calls and prepares you for modern UC&C applications.
