A value-based approach, explained

Smart Working is more than a technology deployment. As a key partner with all major vendors and one with extensive experience, Fujitsu helps you maximize the value of your technology investment. The overall Fujitsu end-to-end delivery approach gives you a choice of one, some, or all of three distinct phases:

Journey Builder

1

Consultancy engagement defines a customer's baseline position and the outcomes and values to be delivered through transforming with Smart Working.

- Identification of customer-specific value through Fujitsu ResultsChain methodology.
- Workshops to establish security, compliance, connectivity, technology baselines, and deployment strategy.
- Persona and workstyles assessment using Fujitsu HXD.
- Fujitsu, vendor, and industry best practice.
- Evergreen roadmap planning.

Agile Transformation

2

Human-centric transformation focusing on people, their experience, productivity, and collaboration in a secure and compliant manner.

- Agile delivery.
- Targets the attitudes, beliefs, emotions, and relationships to drive optimal behaviors, and ultimately successful transformation results.
- Easy strategies to measure your transformation success efficiently.
- Established configuration templates and guidelines.

Managed Service

3

Delivering continuous value through an evolving service, always up to date, reducing the digital dexterity gap and brand protection.

- Enables sustained long-term agility.
- Promotes individual and group development, so your culture starts thriving and reaching new levels of productivity and collaboration.
- An evergreen platform to ensure ongoing compliance and to add further value to your Borderless Office.

Your organization's benefits

Smart Working is our vision for every organization. Upon delivery of industry-leading cloud platforms and Fujitsu expertise, you can expect:

Increased productivity and creativity

By taking care of the mundane and simplifying how work gets done, Smart Working increases the productivity of your workforce, giving them more time to focus on creating value for your customers.

Improved customer experience & responsiveness

We simplify and automate key processes that enable you to provide a better customer experience that is powered by automation so it can scale when your customers need it.

More enabled front line workers

No/low-code solutions provide your front line workers with the access to systems and insight they need to be more productive and deliver more informed and engaging customer experiences.

Smart Working service options

Smart Working offers 3 service options, which can be tailored to your individual needs and maturity:

1 Workforce Automation

Provides cost effective, pay as you go, end to end solution for the discovery, creation and management of automations within your organisation:

- Advisory services to guide the adoption of automation
- Automated and crowd-sourcing discovery with creation of ROI calculations
- Establishment of a CoE to govern and guide creation of automations
- Development factory for the creation of automation scripts
- Provision of highly scalable automation platform, either on-premises or in the cloud
- Ongoing management and maintenance of the automation platform on a pay per use basis.

2 Smart Forms

Provides a flexible, highly integrated platform for capturing insight and acting upon it:

- Can be delivered on-premises or in the cloud
- Provides a simple, easy to use platform to create engaging electronic forms
- An open platform that supports a wide range of integrations, enabling you to interface with your existing systems, maximising returns on investments

3 Intelligent Workspace

Delivers solutions to simplify how work gets done using no/low-code development tools accessible from your preferred devices:

- Works with Microsoft Teams, Citrix Workspace or ServiceNow for easy, cross-device, simple access
- Built on no/low-code platforms that are quick to deploy and easy to maintain
- Provision of best practice and governance to ensure you remain in control
- Can be provided as a complete end to end solution, or as Fusion Development squads that augment your own skills and expertise providing you with the capacity when you need it

Note: Some solutions are only available in certain regions. Please check with your local representatives for availability.

Why Fujitsu?

Ready to pick a partner? Fujitsu looks after over 8 million end-user devices worldwide and has been recognized as a Leader in Gartner 2020 Magic Quadrant for Managed Workplace Services, Europe, for the fifth year running.
