Following on from attacks against Krebs and OVH, DynDNS were attacked on 21 October 2016 affecting the likes of Spotify, Twitter and Reddit.

This was Fujitsu #1 prediction 2016. InfoSec magazine have published a blog by Bryan Campbell (Senior Security Researcher & Fujitsu Distinguished Engineer, Fujitsu UK & Ireland).

Read it over here: - http://www.infosecurity-magazine.com/blogs/the-rise-of-ddos-in-iot/
