Take higher education to the next level

Launch the future of education—today

Students today live in a fast-changing world. Industry 4.0, globalization, and digitalization have changed many facets of our lives, including how students, faculty, and staff study and work together on campus every day. It's time to rethink how a modern higher education institution operates and thrives.

That's where we come in. Fujitsu and Ellucian have partnered to help transform your institution into a more agile, efficient ecosystem. Proven, student-centric Enterprise Resource Planning (ERP) solutions are cloud-powered and designed to address the expectations of today's students, while supporting and simplifying everyday processes for your faculty and staff.

What Can I Gain From the Fujitsu & Ellucian Partnership?

A proprietary ERP solution with one sole objective to achieve for you: improve student experiences and increase efficiency with lower cost. If you've been searching for a way to enhance student experience and mobility in the digital space, this is your answer. Unlock the doorway to turn data and metrics into trends and insights the institute can use for continuous improvement.

Create greater executive insight, improve student performance, increase security, and reduce risk in areas such as data, staff, regulation, and DR for early and proactive detection of security threats, all through consistent practices, processes, and technology.

Get the best of both worlds with reliable support from two industry leaders
