

Launching The Future of Education, Today

Smart Campus Digital Transformation

shaping tomorrow with you

Launching The Future of Education, Today

Students today are living in a world that is changing at an unprecedented rate. Industry 4.0, globalization and digitalization have changed the way we live our lives as well as how people work and study on campus every day - it's about time to rethink higher education altogether!

That's where we come in. Fujitsu and Ellucian have partnered up to bring you the Campus of the Future through powerful Student Centric Enterprise Resource Planning (ERP) solutions delivered through the cloud that spell the exciting new chapter of education for your institution.

What Can I Gain From The Fujitsu & Ellucian Partnership?

A proprietary ERP solution with one sole objective to achieve for you: improve student experiences and Increase efficiency with lower cost. If you've been searching for a way to enhance student experience and mobility in the digital space, this is your answer. Unlock the doorway to turn data and metrics into trends and insights the institute can use for continuous improvement.

Look forward to creating greater executive insight, improve student performance, increased security and reduced risk (i.e., data, staff, regulatory, DR, early and proactive detection of security threats), as well as consistent practices, processes, and technology. Take a leap and enter the future of learning.

Get The Best of Both Worlds How The Reliable Support Of Two Industry Leaders Helps You

1. As an institution, you'll have the capacity to launch a formal Service Desk established for students and staff, bringing together the fragmented data from different departments into one centralized location for a consistent framework in one place.

2. Fujitsu: Any ticket for system-related issues will be tracked from the moment it's raised until closure. Fujitsu's local support team will be available to assist at your domestic timezone to ensure minimal downtime.
3. Fujitsu and Ellucian: Be assured of routine and regular checks of the ERP operations such as system access, system configuration, change requests, etc. by two leading organizations already established in the IHL industry. With reliable infrastructure from both parties seamlessly integrated in place, both partners can monitor the system with a fine-tooth comb so nothing is missed.

4. Ellucian: Actively responds to any errors, updates or vulnerabilities like deploying a patch for a bug fix, or a cloud infrastructure update, etc. so the ERP system is automatically up to date with the latest, and can consistently operate at optimal performance to deliver the best to staff and students.

Fujitsu

Capitalize on the experience of Fujitsu's expert specialists. Tap into advanced resources with strong local knowledge and the ability to customize applications and integrate solutions tailored to the business environment of Singapore. And We'll never leave you hanging. Rely on 24/7 end-to-end support from our local team so you can reach out for assistance anytime.

With years of experience working with Institutes of Higher Learning (IHL), Fujitsu is well-versed in providing digital solutions to the education sector. Investing in the right people and the right talent highly skilled in IHL domain knowledge, we've put together an unparalleled team of experts comprising of local consultants and technology professionals to work harmoniously with IHL on the transformation journey for a modern campus.

Being stagnant is a dangerous position to be in, especially with other businesses and competitors launching cloud-first business strategies to stay ahead. Which is why we're constantly looking for ways to value-add to your processes to:

- Enhance student and staff experiences
- Improve internal processes with increased productivity

Ellucian Banner
