DOKMEE
Document Management Software
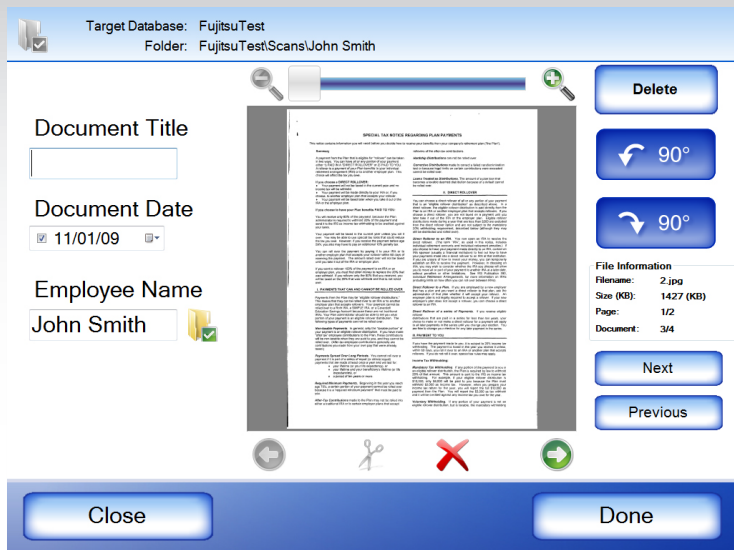

Dokmee Integrated
with the **ScanSnap *fi*-6010N Network Scanner**

Together **Fujitsu** and **Office Gemini** have created the **Dokmee ScanSnap *fi*-6010N iScanner** integration. With this integration, you are able to utilize the strengths of the touch screen scanner interface with the powerful storage and indexing capabilities of **Dokmee Document Management Software.**

The easy to use walk up interface for the **ScanSnap fi-6010N network iScanner** that links directly into **Dokmee** helps businesses, large and small, to meet their document scanning and storage requirements.

- **1 scanner in a centralized location in the office for everyone to share**
- **Easy to use touch screen and keyboard**
- **Secure network authentication**
- **One touch scanning directly into your Dokmee Enterprise or Web system**
- **Cost effective hardware and software solution bundle**

Useful business functions including Scan to E-mail, Scan to Folder, Scan to Network Fax, Scan to FTP and Scan to Print

Advanced imaging features include improved image quality, page rotation to proper orientation as well as other user-friendly functions

"Job function" enables administrators to create predefined sequences to perform and lock-down profiles

Simplifying document collaboration throughout the entire enterprise, the **ScanSnap fi-6010N iScanner** integration is an efficient and high performance workstation that helps businesses to decrease costs and eliminates the need for several devices to scan into one centralized document management system.

The **ScanSnap fi-6010N iScanner** integration allows users to manage and convert paper documents to digital images as well as store and access documents securely within Dokmee. Once scanned, documents are ready for immediate retrieval across the entire network. This extensive business solution is carried out at your finger tips with the sleek and sophisticated color touch screen and keyboard integrated with the scanner.

Key Features:

- Plugs Directly into your Network (no computer needed)

- Large Full Color Touch Screen

- Integrated Keyboard

- Scan as TIFF, PDF, Searchable PDF and JPEG

- Automatic Image Rotation Based on Text Orientation

- Automatic Color Detection

- Automatic Blank Page Removal

- Sliding Scale Zoom for Ease of Viewing

- Index Documents Directly on the Scanner for Importing into Dokmee

- Dokmee Indexing Masks: Date, Number, and Character Fields

- Split a Single Document into Multiple TIFF, PDF or JPEG Files With One Touch

- Automatic Dokmee Folder Creation for Organized Storage
